NORTHERLY 70

Volume 7

NORTHERLY

*Not far from here, but long before our coming,
Hunters and warriors had their deeds recorded,
Cut into sandstone; in sacred tribal places,
Guarded by spears of prickly heath and ti - tree,
Their monuments endure ... What then of ours?
Will our deeds live on, paper outlasting rock? ...
Perhaps the winds will blow some leaves of wisdom
Down from the trees we've planted!*

- M. W. Brown

FROM THE PRINCIPAL

Mr N.L. Bowles

EDUCATION in our changing world has broadened and deepened its implications: it has come to embrace not only the whole community but the whole life span of each individual. Education, in other words, is not limited to select social strata or to special age groups - it is a universal and life - long process involving change and adaptability.

However, one unchanging aspect of education is the development of a sense of values and standards. As a student approaches the time for leaving the protective environment of a school, he should have developed sufficient sense of responsibility to be able to make his way, even assume leadership in the world.

Part of our education must be the development of pride in oneself, in one's appearance, in one's achievement and in one's moral standards. These

may all be fostered without any of the popular "knocking" of accepted values.

Another part must be the wise use of the freedom of choice and the freedom of action to which we all lay claim. These must not infringe upon our neighbour's liberty, lest freedom for one may lead to repression for another.

Finally with this increased freedom we must all accept responsibility for our actions and our decisions - a real sign of maturity.

CAPTAIN'S REPORT

I would like to comment on what has been most important in my school life and should continue to be in the years to come. This is the realisation that there is a God who can be personally known.

The poet, Gerard Manley Hopkins, writes about seeing God in nature, and I feel too that nature is a fantastic revelation of God's beauty and wonder. There are many who may be sceptical of this approach but even the simplest of us can find beauty here if we really look for it.

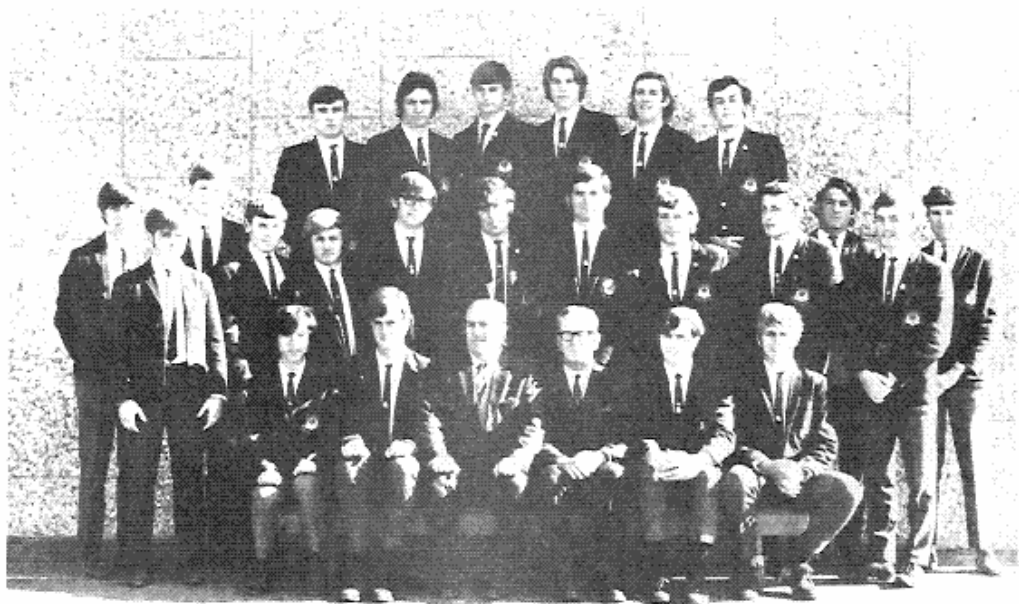

How has all this affected my school life? The answer is that I have come to a personal relationship with God and that this faith in Him has led

to a certainty that He will continue to help me just as He has done during my school years. Therefore I feel that I know where I'm going.

Each person can approach life from a different angle but if he is prepared to think about things, I feel certain that he will finish by knowing God and understanding God's relationship with him.

I would like to thank the prefects for their support during the year and also Mr Bowles and Mr Smith for their guidance. I am sure that the school has surged ahead over the past year and will continue to do so in the future.

Peter Snitch

STUDENT COUNCIL

The Students' Representative Council for 1970 continued to function reasonably well, especially for the first few months. During this time the council was able to operate with more participation by junior members than in previous years. This helped to achieve a fuller representation of all members of the school.

Many interesting and relevant topics were discussed. However these rarely advanced past the discussion stage with representatives elected to committees failing to attend meetings. Perhaps this was due to the fact that council meetings were held far too frequently therefore taking up too

much of a member's free time.

During the year Mr Bowles and several members of staff have shown a good deal of interest in the council's operation. We wish to thank them for their co-operation and advice. This was a great help to the council executive and future councils are strongly advised to take advantage of the administration's enthusiasm.

Although during 1970 the council did not fulfil all its functions we hope we have helped the school in some way. We also hope that future councils benefit from our mistakes and are able to serve their purpose successfully.

Student Council members for 1970 are:
Ross Smith; Jip de Heer; John Edwards;
Brad Goodhand; Lance Smith; Joseph
Durant; Geoffrey Roots; John Cleary;
Phillip Deakon; Phillip Cadden; David
Brinnell; Glen Clark; Neil Fox; Martin
Grasse; Ray Marshall; John Sharpe;

Wayne Manning; John Howson; Brian
Crickett; Ross Gibbons; Geoffrey
Warren; Peter Slobodian; Ray Bennetts;
Wayne Hill; Richard Warner; Andrew
McConaghy; Ian Imrie; Bruce McWair;
Anthony Reidy; John Pattern; Leslie
Kraucevs; Denny Lagden.

OFF THE CUFF

It often appears that the students of this school give little regard for each other's welfare. Anybody who still thinks this is the case, however, need only look at the immediate help and sympathy offered when one of our rank is injured or in distress.

Several days before the commencement of the H.S.C., JAMES ISBISTER was involved in a car accident, which resulted in the amputation of an arm. Sixth Form students immediately set up a fund to aid, morally and financially, our fellow student.

* *

JEFF MELVAINE has won the Commonwealth Music Award, senior section, for the fourth year in succession. The competition is conducted by the A.B.C. Young World Session and prizes are awarded for original musical compositions.

* *

In Mathematics, MARK CLEARY of Fifth Form was selected this year to attend the Royal Society's "Math's Alive" School, to be held early next year.

* *

The University of N.S.W. was the venue this year for the School Mathematics Competition. Senior prize-winners were CLIVE HADFIELD and

PHILLIP GAY. In the junior section the prize winners were MURRAY HUTTON and RODGER MARTYN.

* *

MARTYN SAYERS won a \$25 prize in the senior section of the School Science Research Competition. He won the prize for building a simple digital computer. The award was presented to Martyn by Professor Butler, at Macquarie University.

* *

The P & C Assn. presented \$150 to the 1971 School Captain, Richard Warner. This sum is to help beautify the smaller of the two dressing-rooms under the hall, presently utilised as a prefect retreat.

The quick game of poker or the odd cigarette can now be enjoyed in comfort . . a sharp contrast to the conditions endured by prefects of this and previous years.

* *

'Northerly', on behalf of the school, would like to express its sincere thanks to the cleaners of A.B.H.S. These are a small but important group of people, who are rarely seen or fully appreciated.

We regret that MR BOLTON is no longer with us. Unfortunately he is still very ill in hospital. We all wish him a very speedy recovery. His

OFF THE CUFF

place has been taken by Mr McLean.

Congratulations are in order for MRS MURRAY, (top E. Block) who gave birth to twins on the 14th of August. The twins, Glen and Alice, are, according to reports, doing well.

* * *

Those in attendance at this year's Speech and Drama Evening, should have noticed the transformation that had taken place around the stage area of the hall. A new, green curtain replaces the old, shabby blue one. A splash of gold along the lower edge of the apron showed careful consideration on the part of Mrs Fela in helping to select the new drapes. As the curtain rose, they found not only Mr Pulsford staring them in the face, but also a brilliant ancient gold curtain with matching aprons. A pleasant change to the patch-work effect, achieved by the old combination of dark grey, cream and pale green.

The warmth radiated by the co-ed cast of Noah was not sufficient, unfortunately, to quell the cold felt by the audience. Once again, the date for completion of the heating system has been put forward. It is now set as somewhere before the commencement of term one . . . 1971?

* * *

CHESS CLUB

"Look here," said the irate chess wizard, "you've been watching over my shoulder for 3 hours. Why don't you try playing a match yourself?"

"Aw," drawled the kibitzer, "I ain't got the patience."

We have both types of members in the club. One of our members, Roger Martin, entered the Roselands Competition and scored 3 out of a possible 6 points.

Spurred on by his success we are to field 2 D Grade and 1 C Grade team in the Inter-School Competition. Chess President is Roger Martin, ably assisted by Ken Gay as Treasurer. The team captains are:

"C" Grade ... Ken Gay

"D₁" Grade ... Bruce Puckeridge

"D₂" Grade ... Nino Saracino

* * *

RADIO CLUB

The meetings of the radio club are held at lunchtime on Mondays in Lab 4. Anybody with a special interest in radio may join by attending the meetings.

A transistorised amplifier was last year's project, and was based on a circuit that appeared in one of our library books. The present project is a valve amplifier.

* * *

OLD BOYS' UNION

The last year for the Old Boys' Union has not been a great success, although several functions were held. The fifth annual Car Rally over a one hundred mile course was enjoyed by twenty-eight teams although one was lost, not to be seen at the finish.

A ball was held in September in conjunction with Asquith Old Girls' Union and was attended by one hundred and sixty people. Whilst the night was most enjoyable it was a financial disaster which has placed the future of the Old Boys' Union in jeopardy.

As an added attraction a raffle was held with a P & O cruise as first prize. The couple who won were soon identified as Mr and Mrs A. G. Keen of Oatley. It was wonderful to see that

they have decided to go on the cruise for Mrs Keen is 75 and Mr Keen is 85 years of age. We wish them a very pleasant trip in December.

Membership has been static all year and is still mainly members of the first years of Asquith Boys' High. The large attendance of 1969 school leavers at the ball may signal a new lease of life for the Union.

Due to study by most of the committee, the year has been fairly inactive, but this situation should change for the better next year.

To really put the Old Boys' Union on its feet, we will need the support of the 1970 year. Enquiries concerning the Union may be directed to Geoff Webb, 47-4346, or Ian MacKay, 451-9576.

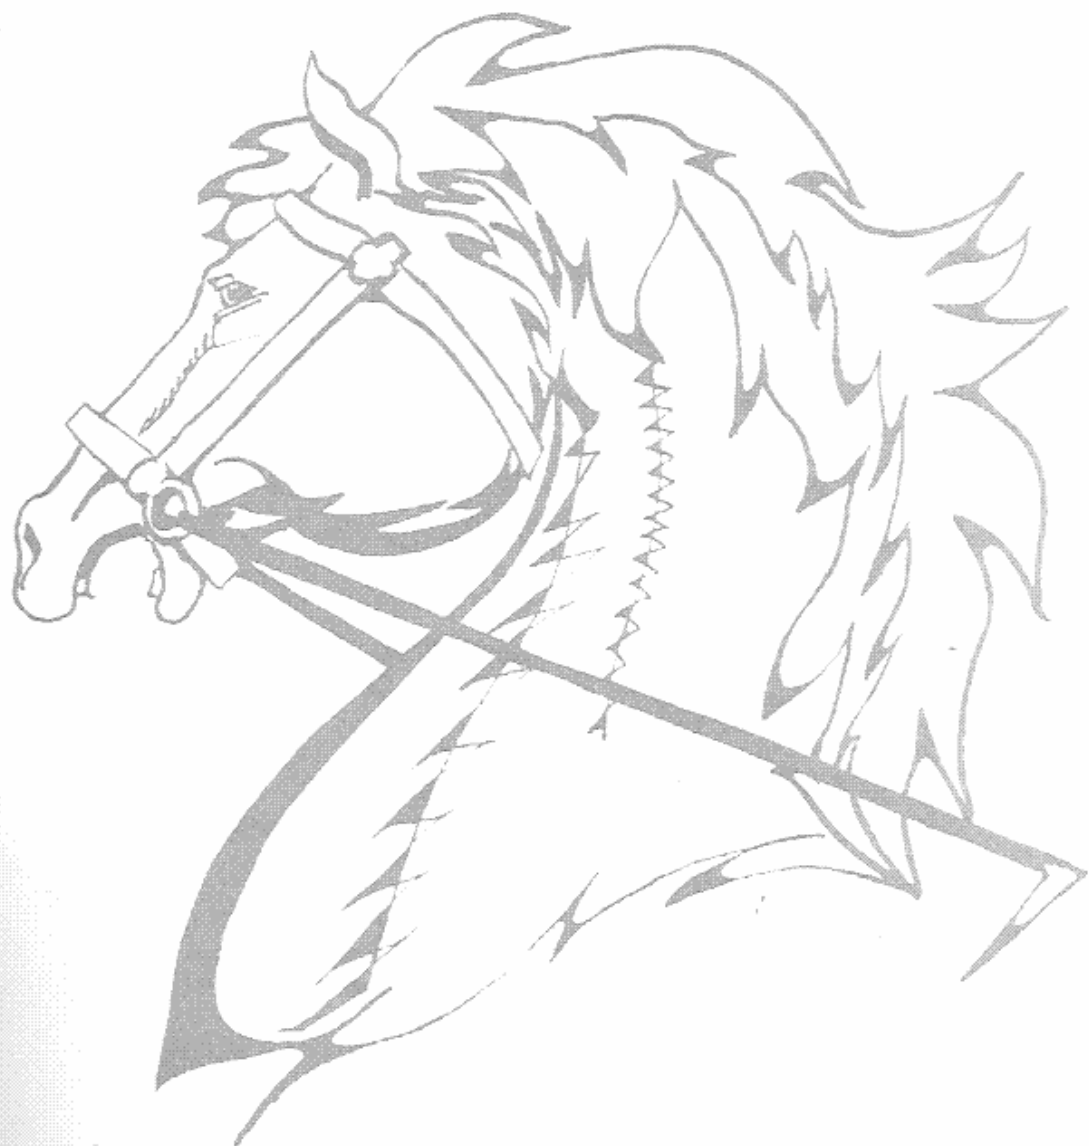

THE STALLION

*The Stallion leaps with fiery eyes,
A dash, a flash and away he flies.
Over a fence with glistening mane,
The rattle of hooves over the plain.*

*Down into a valley and away again
Across barrenland where man does not reign
Past mulga and saltbush and many a tree
The brilliant White Stallion goes splendidly free.*

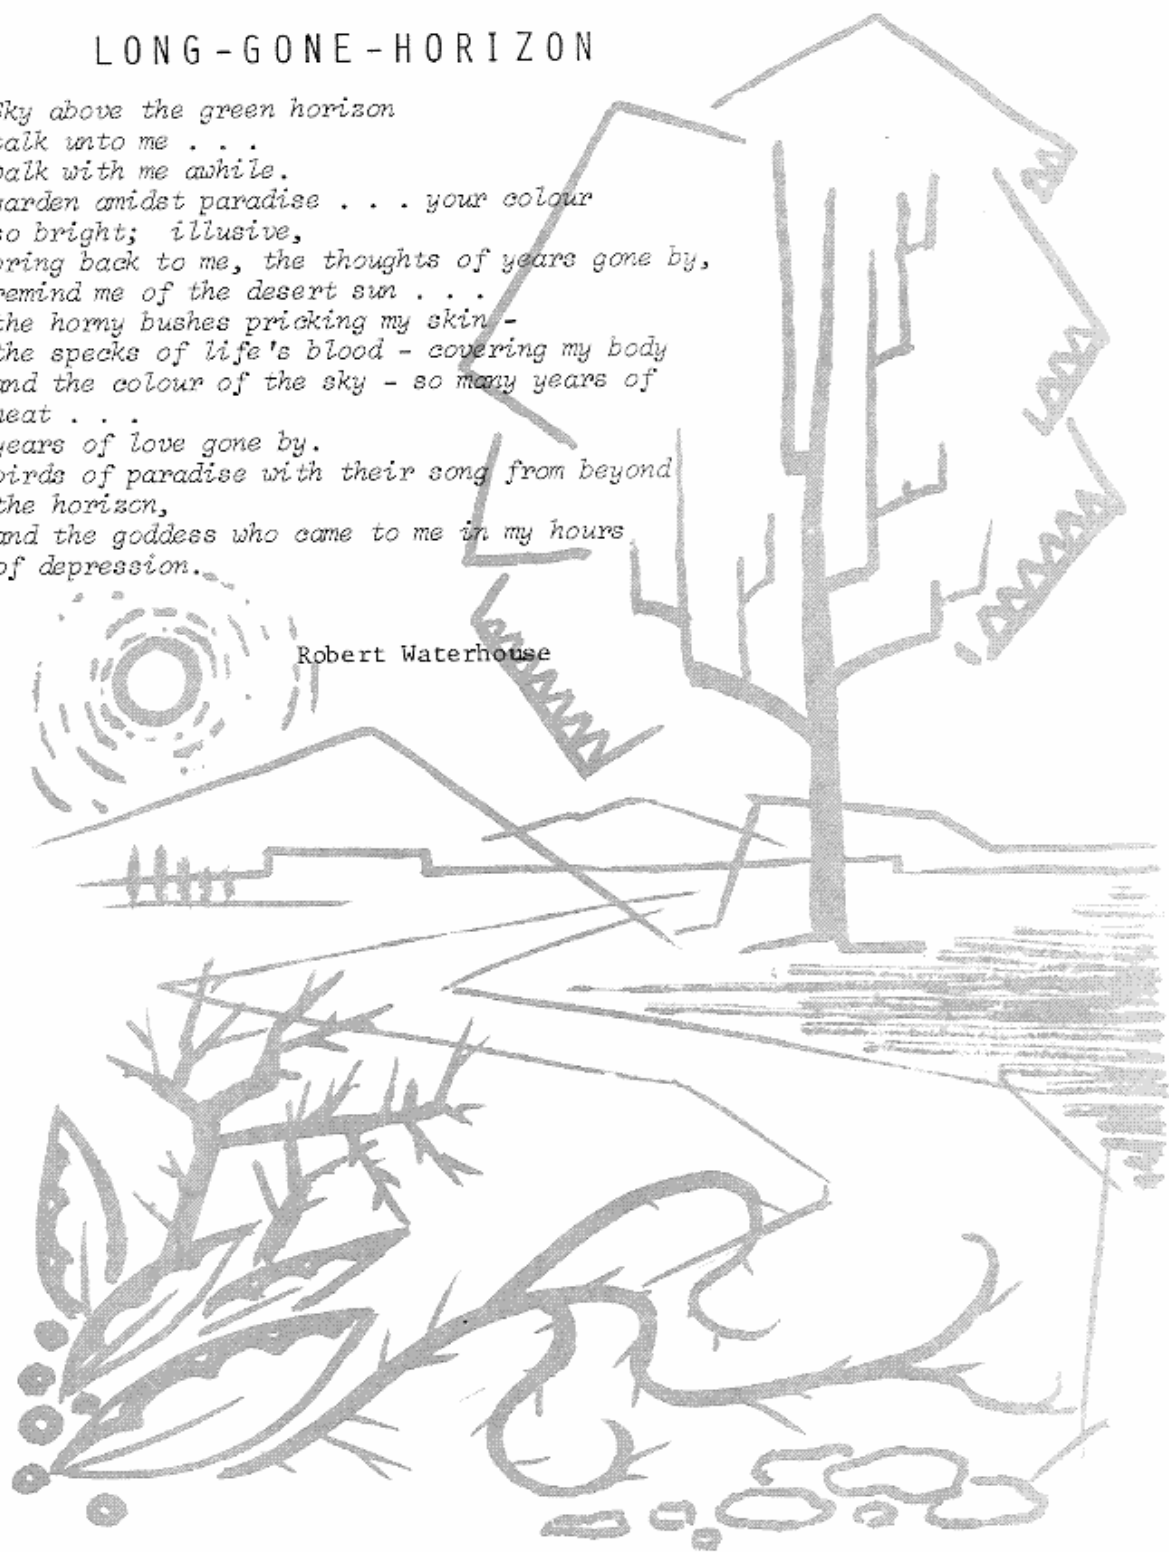

J. Hamerlok 3D.

LONG-GONE-HORIZON

Sky above the green horizon
talk unto me . . .
walk with me awhile.
garden amidst paradise . . . your colour
so bright; illusive,
bring back to me, the thoughts of years gone by,
remind me of the desert sun . . .
the horny bushes pricking my skin -
the specks of life's blood - covering my body
and the colour of the sky - so many years of
heat . . .
years of love gone by.
birds of paradise with their song from beyond
the horizon,
and the goddess who came to me in my hours
of depression.

Robert Waterhouse

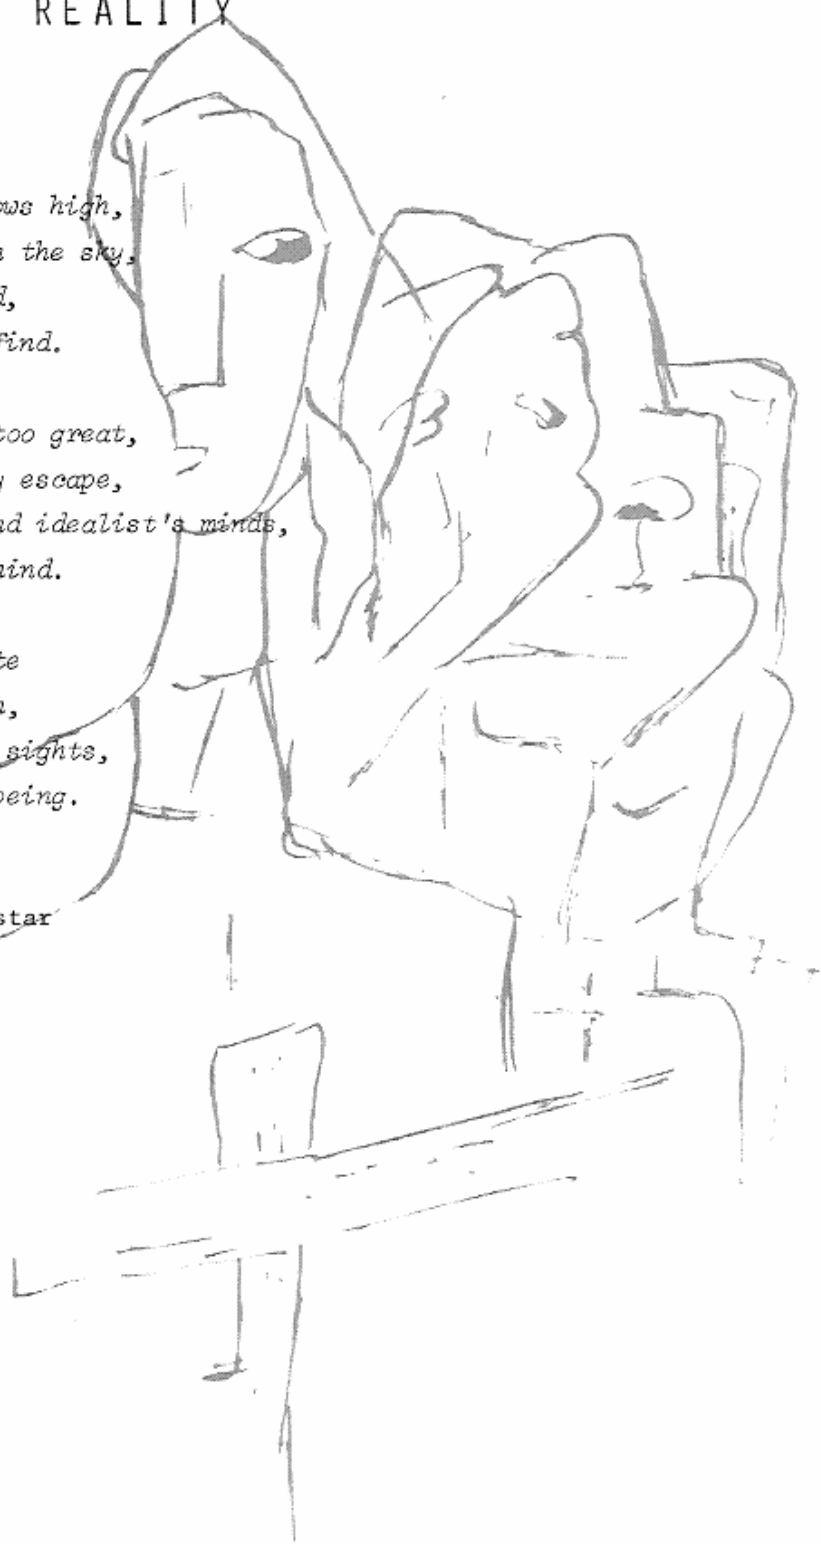

SCARS OF REALITY

*Outside the patterned windows high,
Behind the walls that touch the sky,
Beneath some egotistic mind,
Scars of reality one will find.*

*The fear of facing life's too great,
With walls of armour we may escape,
Through facades of faith and idealist's minds,
A world of fact is left behind.*

*Be you black or Be you white
Be you orange, Be you green,
As reality aims you in its sights,
The slower trigger ceases being.*

Klaas Valstar

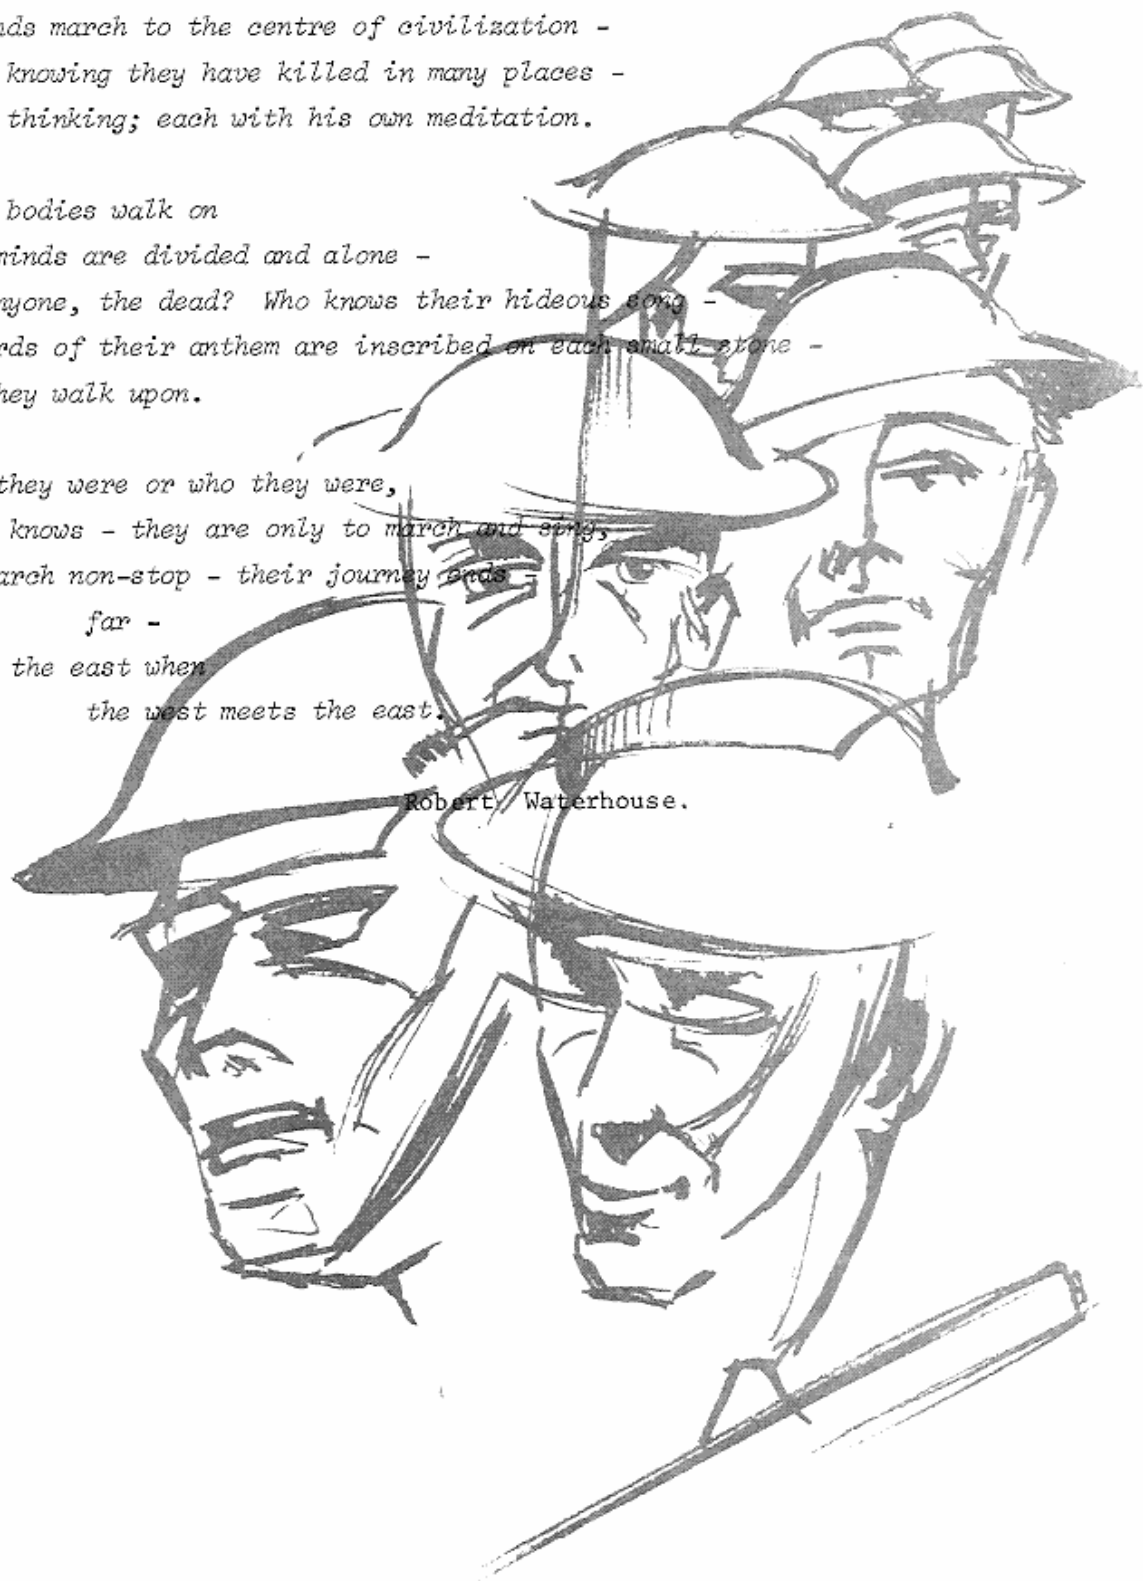

ARMY OF SOULS

*Thousands of colours match up to their faces,
thousands march to the centre of civilization -
each - knowing they have killed in many places -
each - thinking; each with his own meditation.*

*As the bodies walk on
their minds are divided and alone -
Does anyone, the dead? Who knows their hideous song -
the words of their anthem are inscribed on each small stone -
that they walk upon.*

*Where they were or who they were,
no one knows - they are only to march and sing,
they march non-stop - their journey ends -
far -
far to the east when
the west meets the east.*

Robert Waterhouse.

STRIKE

A cold bleak day, as I awoke
And sensed the city start to choke.
Their little gods did crawl the street,
With but one mind, and that,
To beat the others,
Or be forced like dogs into retreat.

The reason for this farce is clear.
The unionists began to fear
That if the workers became contented,
Accepting that which they resented,
Then disputes would not then be the rage,
Leaders losing public glitter,
Forced back to their cage,
Upset and bitter.

But think,
If this case you'll unravel.

"TENSION TAKES THE TRAINS OUT OF TRAVEL"

Ken Gay

THE LAST MEN

"The
nearest
miss in the
history of modern
man." These are the
words that have echoed
The world as if it was an
empty cave. James Lovell, Fred
Haise and John Swigert have achieved
renown as the luckiest men in this
space age. They have survived the torture of
all time. These three men have hurtled back to
earth with more damage to their craft than man
ever anticipated. These courageous men have lived
for hours in a space about the size of a
household refrigerator. Travelling at an amazing
speed they rode the crippled spacecraft like a
man riding a bronco at a rodeo.

With all their skill they did not know
whether they would ever tread "Mother Earth"
again. Their mission had already been accepted
as being incomplete, but President Nixon had
said that it would not delay future exploration.
Instead of landing on the moon, as intended,
their journey had turned into a nightmare.
People throughout the world bowed their heads,
praying that these three men would return safely.

If they had landed on the moon, they would
have been the third group of astronauts to set
foot on the moon's strange surface. Part of
their mission would have been to collect rock &
soil specimens. They would have then returned.

The old adage "The best laid plans of mice
and men often go astray", proved its point in
this adventure.

Fortunately luck was with them, for no other
major disabilities occurred. So they circled
the

moon and
started their
journey towards
their home, for they
are "earthlings".

PLAY

*Let's play in the hay,
It's a beautiful day,
The birds sing,
And the bells ring.
Oh! it's a beautiful day,
So, let's be gay,
And play today.*

Gordon Morgan 3D

THE MAN NAMED MYLON

*There once was a man named Mylon,
Who climbed an electrical pylon.
When he got to the top,
He received such a shock,
That they put him in a mental asylum.*

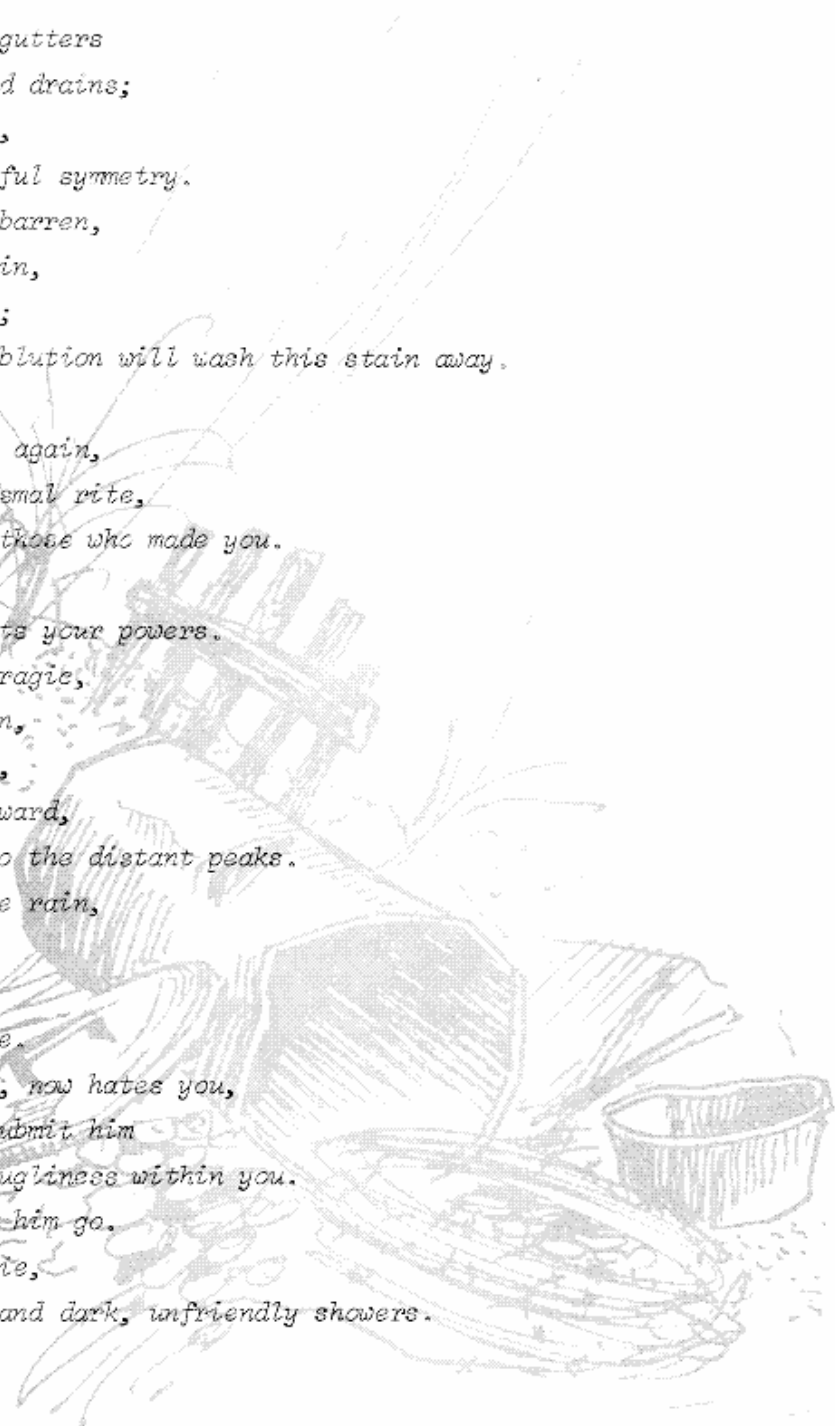

Michael Wilson 1B

CITY RAIN

The rain will come,
And drown your squalid gutters
And flow through flooded drains;
To wash away the stains,
The stains of your fearful symmetry.
Though you live you're barren,
A city filled with vermin,
And lonely sad humanity;
Not a thousand years' ablution will wash this stain away.

The dismal showers come again,
Like some obscure baptismal rite,
To wash your sins onto those who made you.
You are not cleansed.
The might of man corrupts your powers.
Your powers great and tragic,
In the magic of the rain,
You look out and see us,
See us climbing ever onward,
Up the ridges, onward to the distant peaks.
Your walls that feel the rain,
They feel the touch
Of man and knowledge.
But the rains still come.
And man who creates you, now hates you,
For he forced you, to submit him
To the valleys and the ugliness within you.
But you know, you watch him go.
To live, to fight, to die,
Beneath foreign rains, and dark, unfriendly showers.

The rain, the rain!
It tumbles headlong down your chasms
Of prism, spire and plane.

*Down your highways of illusion,
Down your streets of no conclusion.
See it dance along the rooftops,
As it sculpts the roofs and chimneys,
Paints the walls in shining silver,
Quickly wipes its hands on shutters,
But it ends up in the gutters,
Madly racing on to chaos,
For it's one among a number,
But it could clamber upward if it dared.*

*The rain will come,
The dark and dangerous rain,
And shiny metal hail will come in showers,
You will see them squeeze the marrow,
For one brief moment . . .
And leave the hours empty.
You will lie there gently rotting.
Let the work of man surround you,
Let the work of man confound you,
In the rain.*

S. Johnston 5A.

BASE

"Twenty-three down, two and a half, picking up some dust."

Dust, dirt, mud.

The line of soldiers moved cautiously,

Dust, dirt, mud.

Fairly safe territory, they talked freely,

Dust, dirt, mud.

"Faint shadow four forward, drifting to the right a little,"

Drifting, crawling, fighting,

His buddy, Joe, stopped for a smoke,

Drifting, crawling, fighting,

The Reds put a knife in his back,

Drifting, crawling, fighting.

"Housta, Tranquillity Base here, the Eagle has landed",

Laid, bombs, blood,

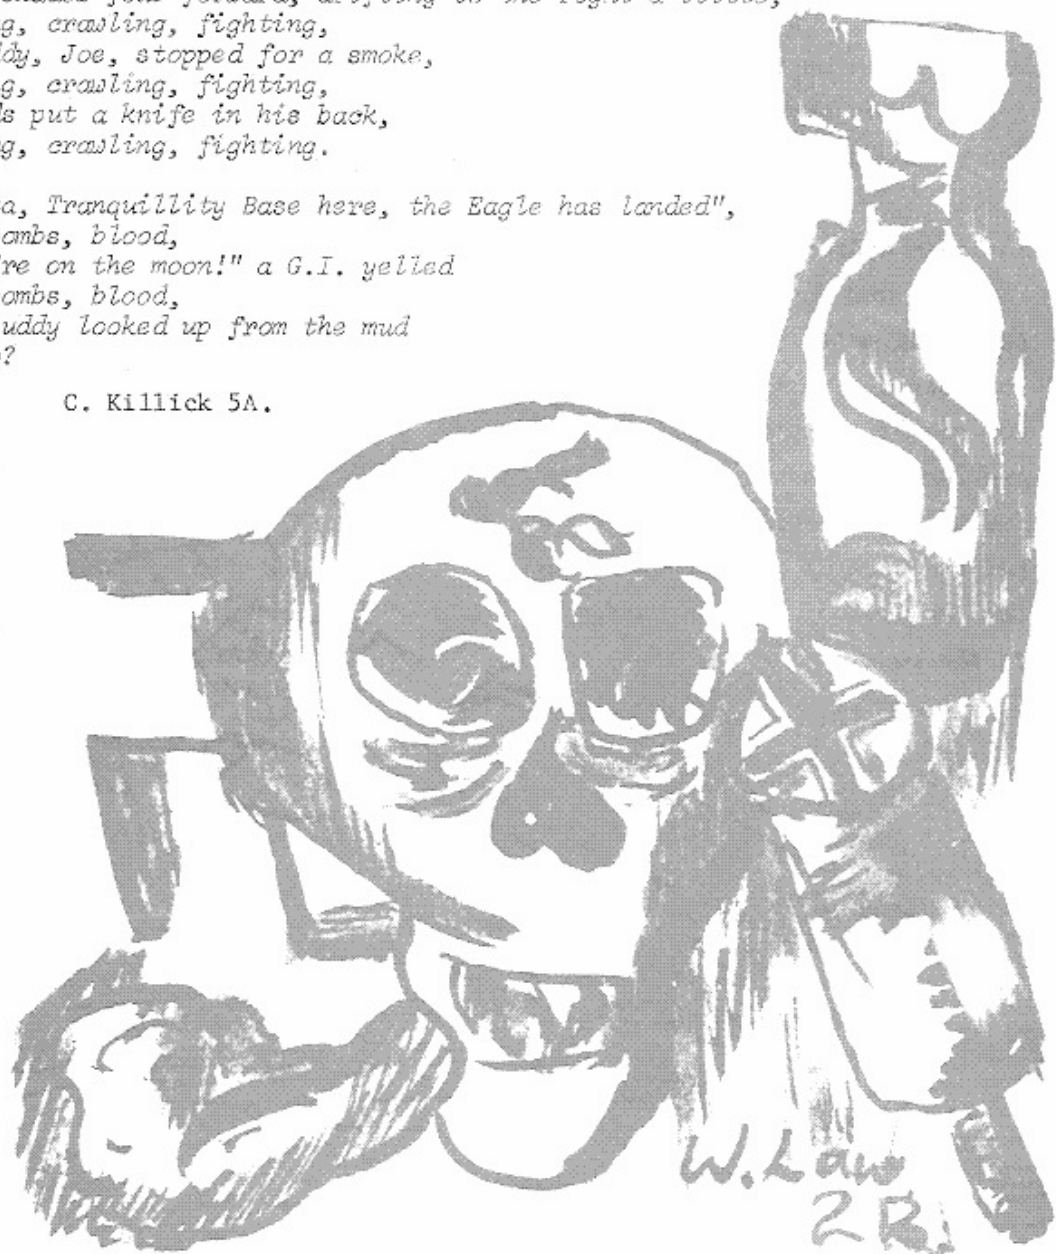

"They're on the moon!" a G.I. yelled

Laid, bombs, blood,

Joe's buddy looked up from the mud

— "So?

C. Killick 5A.

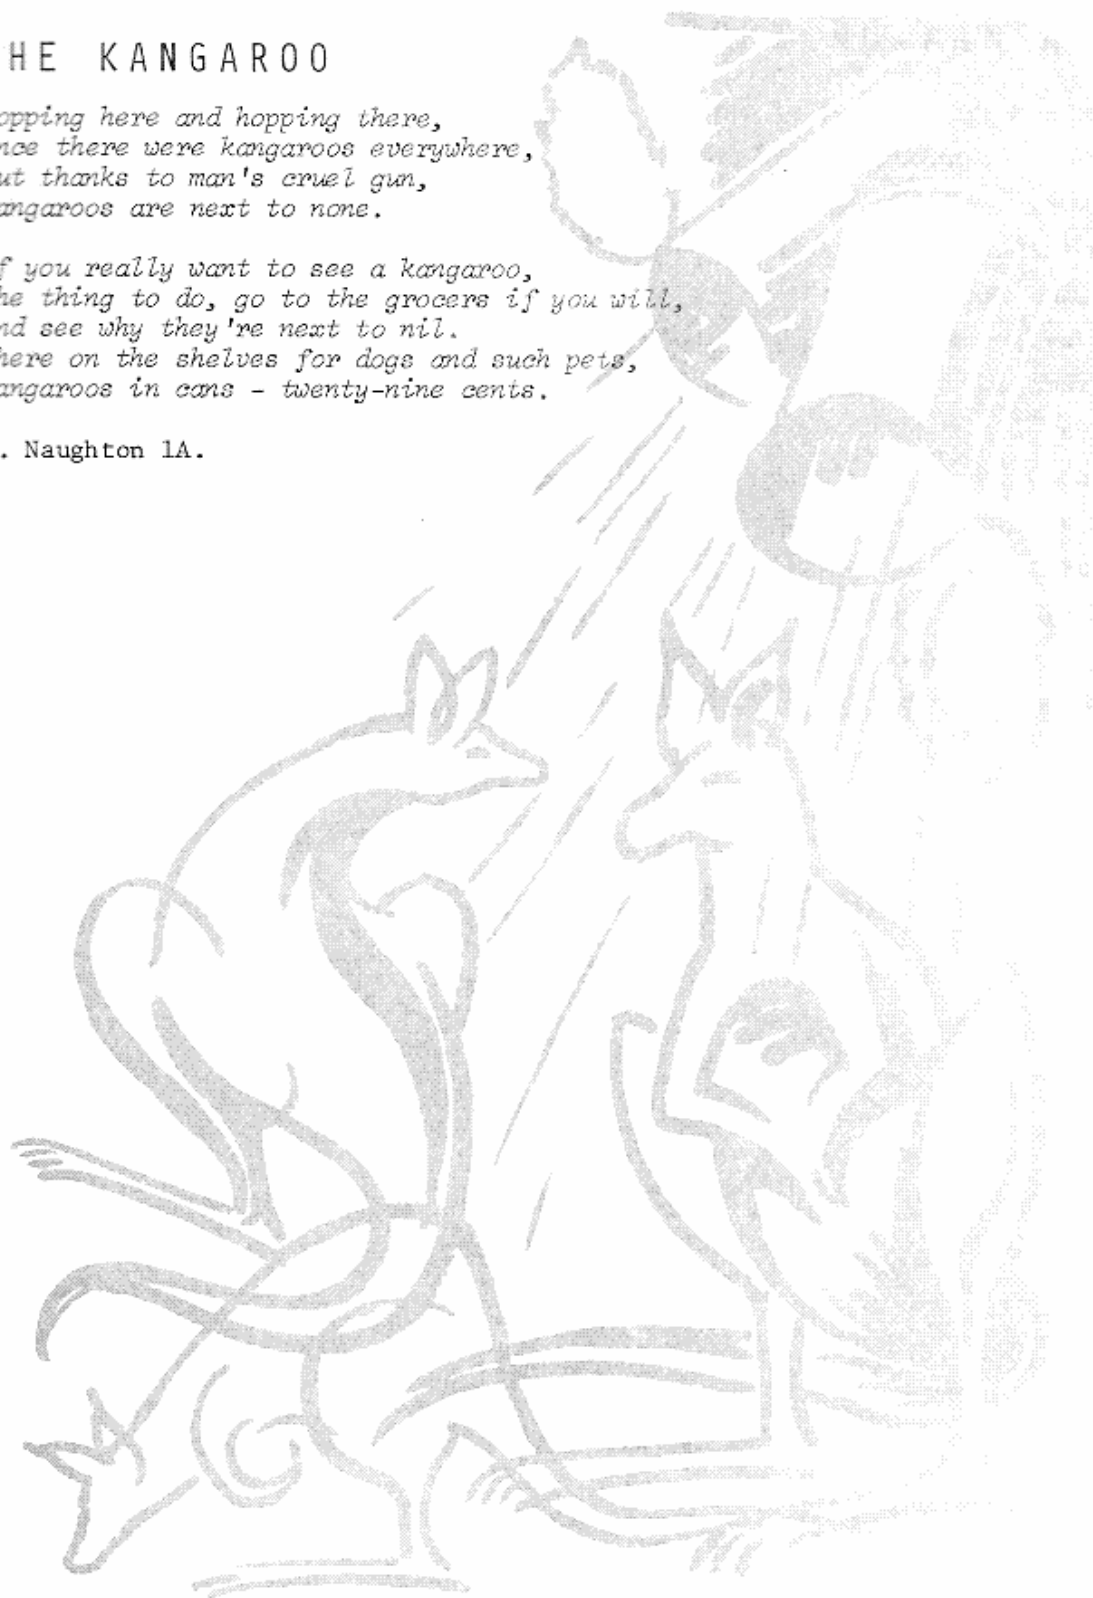

THE KANGAROO

*Hopping here and hopping there,
Once there were kangaroos everywhere,
But thanks to man's cruel gun,
Kangaroos are next to none.*

*If you really want to see a kangaroo,
The thing to do, go to the grocers if you will,
And see why they're next to nil.
There on the shelves for dogs and such pets,
Kangaroos in cans - twenty-nine cents.*

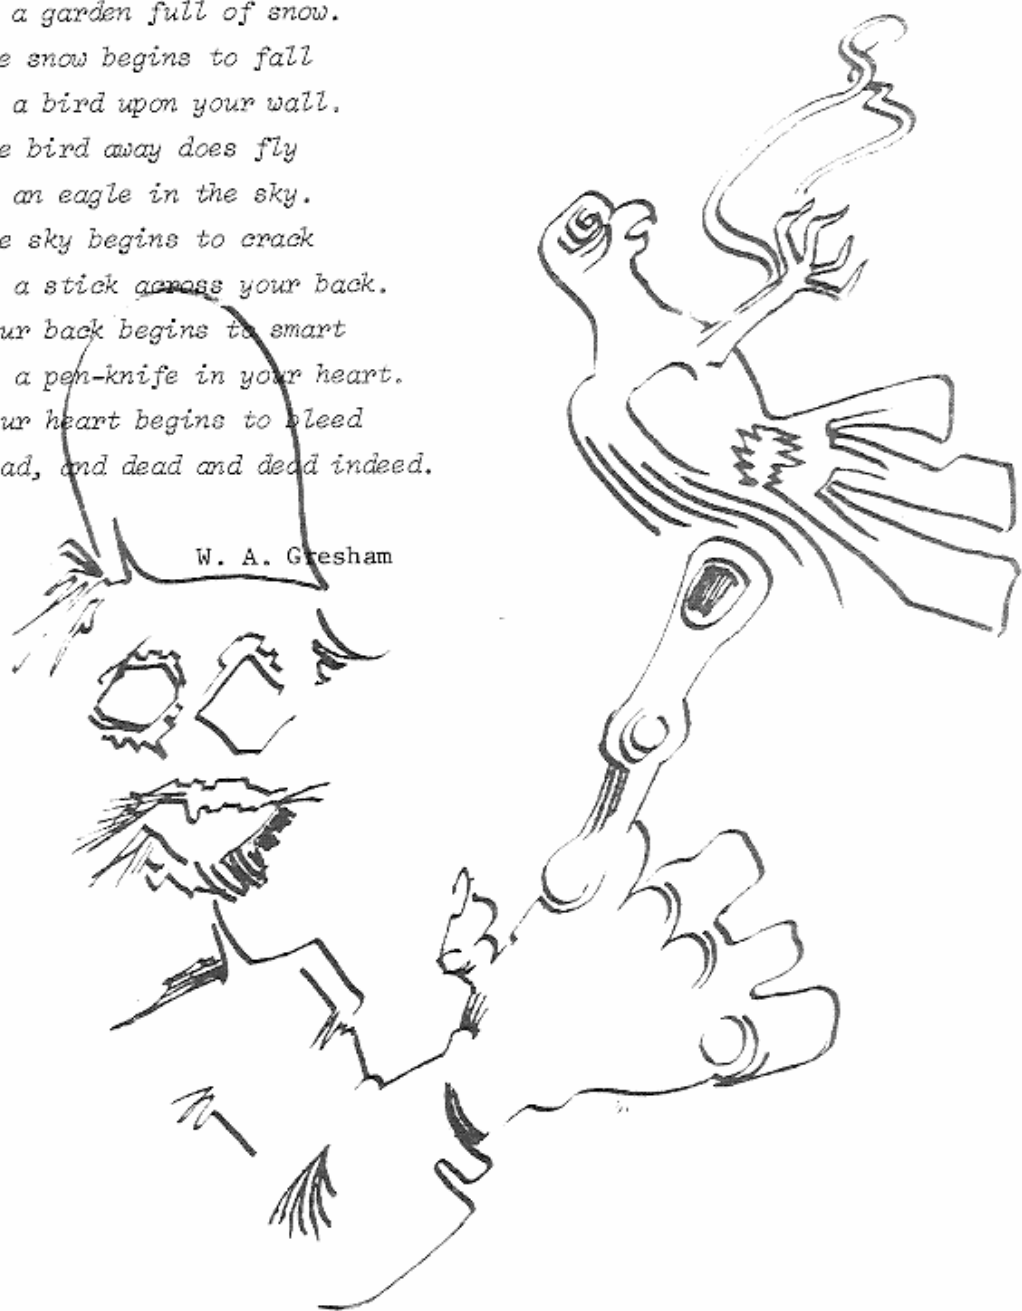

S. Naughton 1A.

A MAN OF WORDS AND NOT OF DEEDS

A man of words and not of deeds,
Is like a garden full of weeds,
And when the weeds begin to grow
It's like a garden full of snow.
And when the snow begins to fall
It's like a bird upon your wall.
And when the bird away does fly
It's like an eagle in the sky.
And when the sky begins to crack
It's like a stick across your back.
And when your back begins to smart
It's like a pen-knife in your heart.
And when your heart begins to bleed
You're dead, and dead and dead indeed.

W. A. Gresham

MUSIC AND DRAMA EVENING

"NOAH"

This year's Music and Drama Evening provided a large and enthusiastic audience with excellent entertainment, resulting from a most ambitious programme.

Four scenes from "Noah" by André Obey were interspersed with musical items of fine variety: a piano sonata by Jeff Melvaine, the junior choir singing negro spirituals, a trumpet solo by Peter Snitch accompanied by Allan Murchie, and performances by a brass quintet, the school band and the Cadet Drummers.

Based loosely on the biblical story of Noah, this year's play, which was far from simple to produce, often having been regarded as a vehicle for fine acting, was most effectively presented by Mr Peter Pulsford. Acting the large and difficult role of Noah himself, Mr Pulsford was strongly supported by a cast of boys from this school, and girls from Asquith Girls' High.

It was a most thoughtful presentation of the play with both its comedy and depth of feeling obviously affecting the responsive audience. Thanks for the evening's presentation are due to Mr Pulsford as producer, Mr Saunders and Miss Londy in charge of the musical items, Mrs Fela who made the costumes, Miss Christie attending to make-up, Mr Miller who was responsible for the scenery, Andrew Kasmarik for prompting, Derek de Vrieze and Ian Sim for lighting and John Sheaves as stage manager. Music for the play was provided by Paul Robinson, Richard Stephens, Stephen Bready, Hayden Renwick.

Above: *Despair of Noah and his wife.*

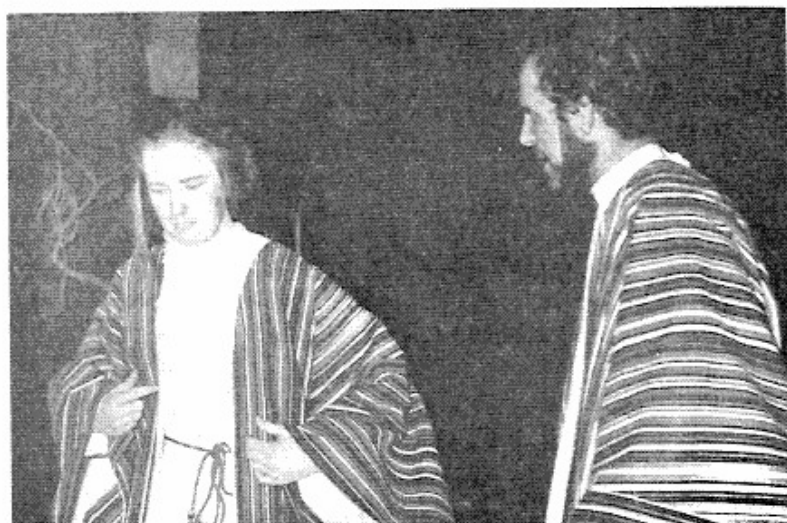

Above: *Condemnation of Ham.*

The cast of Noah was as follows:

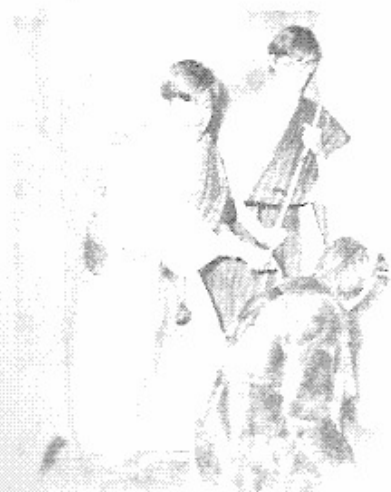

Noah	P. Pulsford	Bear	Alan Scully
Mrs Noah	Helen Wood	Lion	Keith Stone
Shem	John Williamson	Monkey	Michael Spencer-Brown
Ham	Stephen Johnston	Elephant	Andrew Sayers
Japheth	Colin Killick	Cow	Simon Jones
Naomi	Deidre MacDonald	Lamb	Warren Fields
Sella	Jenni Gould	Wolf	Neville Carrigy
Ada	Roslyn Barker	Tiger	Marty Fox
		The Man	Richard Warner

Right: Noah re-assures his wife.

Below (left): Whipping the bear.

Below (right): After the Flood - Noah's sons fighting.

THE SCHOOL CADET UNIT

This year has probably been the most successful since the inception of the unit three years ago. In Nov/Dec 1969, eleven cadets and NCOs completed Senior NCO and CUC courses at Singleton. The result of this activity was three CUOs: Ian Fox, Richard Warner and Richard Lovegrove. Whilst Keith Churchland, Rod Nurkern, Michael Carroll, Greg Horsington, Mark Cleary, Ed Thorensen and Keith Dennis became senior NCOs.

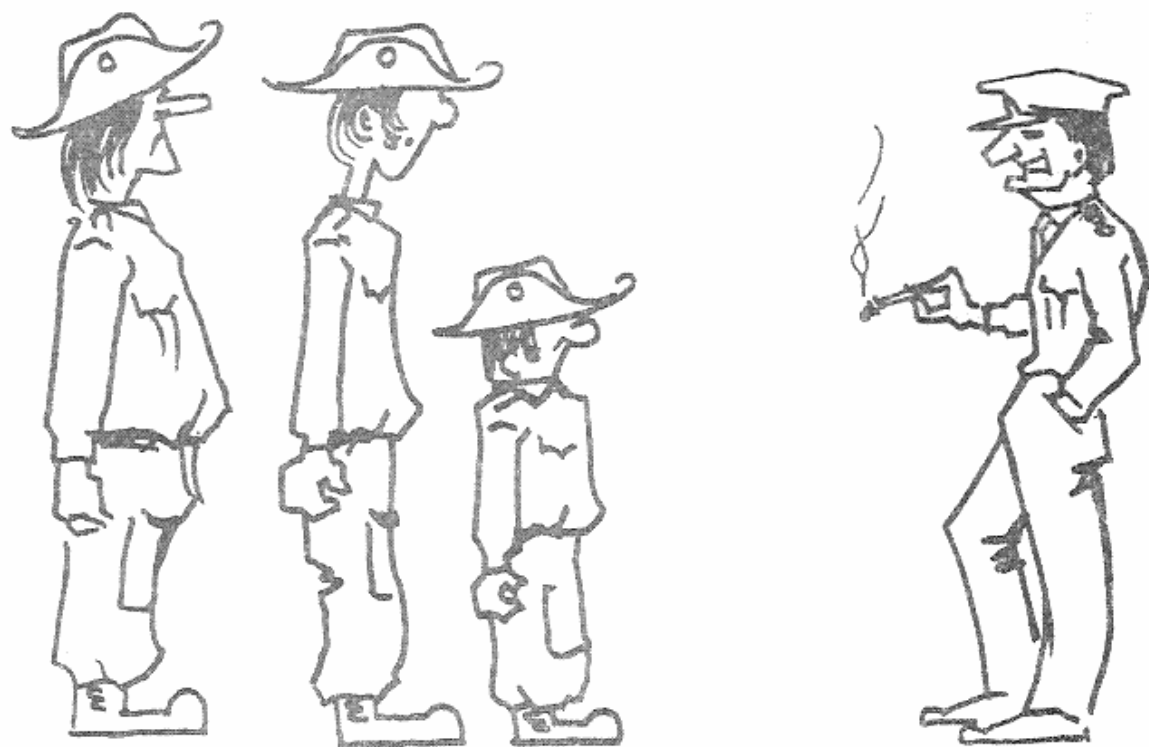

Thus at the beginning of 1970 the unit had a full complement of officers and NCOs. The unit's strength at this time was 83 men. Our first activity was a Range Day in early March. Following this, the unit took part in the Hornsby R.S.L. Anzac Day Ceremony at the Hornsby Cenitaph, on Saturday the 18th of April. Our annual Cadet Camp at Singleton took place, with the absence of Lt. Miller, between May 7 and 16. Following the camp

Asquith celebrated a further "first". In the four days after the camp, two NCOs, Keith Churchland and Darryl Freeman, took part in an "Adventure Training Course".

As a result, the unit gained its first two Adventure Training Badges. After resuming school, the Cadets held another Range Day in mid July at which the First Year cadets were drilled in firing from the 200yd mark. The Grand Finale to the year was the unit's Annual Ceremonial Parade, held on Oct. 8. On this occasion, only our second, Col. Davies was the reviewing officer, with Major Bohie M.B.E. and the Principal, Mr Bowles, accompanying him.

As this is my final year with the unit, I wish to thank my four Senior Officers: Capt Gerrard and Lts. Miller Donnelly and Saunders, as well as my contemporaries - Mr Warner and Mr Lovegrove.

CUO Ian M. Fox.

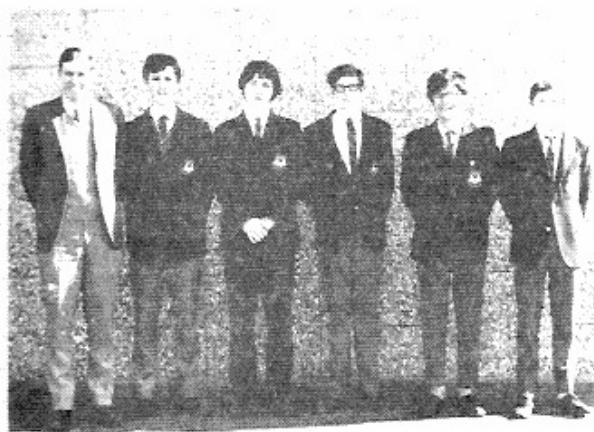

DEBATING

Our Debating teams in the Hume Barbour, Cramp and Teasedale competitions were not as successful this year as in the past. Although unable to win their zones, the teams nevertheless recorded some good victories and the junior teams particularly profited from their experience.

Hume Barbour: (L. to R.) Graham Barker, Phillip Bonser, Mr J. Gerrard, Malcolm George and Chris Friday.

Teasedale: (L. to R.) Mr R. Petherbridge, David Morris, Peter Beckett, Rodger Marryn, Mark Simons and Ken Gay.

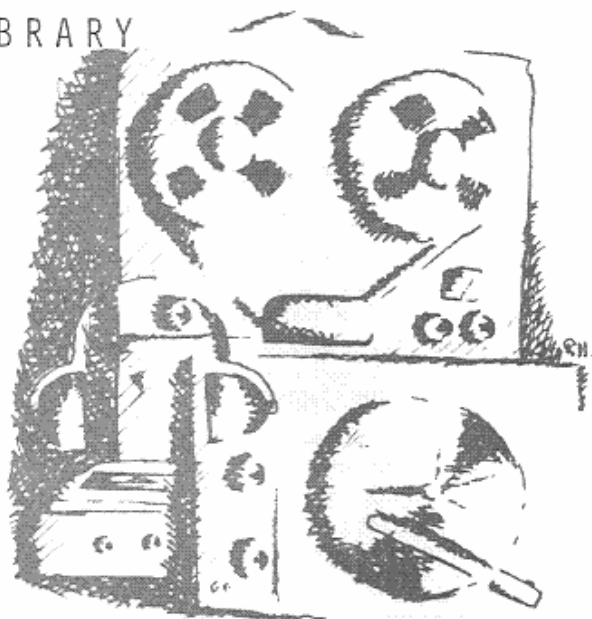

Cramp: (L. to R.) Stephen Johnston, Richard Warner, Andrew Kasmarik, Colin Killick and Mrs. C. Pritchard.

OUR LIBRARY

School libraries throughout the state vary in size, convenience and equipment, Asquith's position is well above average on all three scores. We are well behind the modern Resource Centre libraries at present being built in twenty - seven lucky High Schools under the Commonwealth Grant plan, but let's hope we share their joy in the not too distant future. This year almost 2,000 books have been added to our collection. We subscribe to societies who keep us in touch with current developments in fields such as Economics, History, English, Geography and Science; magazine/periodical subscriptions are also indeed generous. Most students satisfy their research needs, few are disappointed through lack of information being available and gaps as they are recognised are filled as quickly as possible. Until Hornsby Shire Council Library becomes a working proposition for students, a heavy load is thrown onto the School Libraries in the district. As Librarian I would like to sincerely praise the work of Mrs Brennan, the Assistant Librarian, who has the new dictionary catalogue well advanced. I do hope pupils appreciate her effort beyond the line of duty.

The photo-copying machine has been popular and the overhead projector quite valuable but the Audio-Visual booth and tape recorder, more recently acquired, mark the beginning of the library as an Educational Resource Centre. More and more is becoming known about the learning processes of the individual and the future as I see it calls for departmental teacher, librarian and student co-operation in the promotion of this exciting prospect. We strive to solve the complexity of the modern build-up of knowledge; there are difficulties when students vary as they do in pace of learning and receptivity. The multi-sensory approach should help provide

the educational quality we strive for. Of course two sets of earphones between one thousand boys is just a beginning; further equipment must be forthcoming to establish a solid media programme. However, there is value implicit in this initial selection of material: the audio - tapes, record discs, film slides, cassettes, radio programmes have been selected carefully and staff will, I am sure, enthusiastically add to it to achieve their desired educational goals. We are anticipating during 1971, the arrival of a student language laboratory and a video tape television monitor. Students will then have a permanent supply of valuable television programmes, thus relieving the school of a difficult time-tabling problem which exists at the moment.

The Library constitutes a distinctive but far from exclusive element in the tuition system of the school. Facilities, appropriate to our technological age, are available and with co-operation from all, we hope to develop their application to the best possible advantage for the students.

Mrs H. Taylor
(Librarian)

CANTEEN REPORT

At the inaugural meeting of the Asquith Boys' High School mothers, where proposals for the setting up of a Canteen within the School were discussed, the main objectives decided upon were:-

Firstly, to provide wholesome food for the students at a reasonable price; secondly, to use any profits to buy necessities for the boys and the School; and thirdly, to provide for mothers the means to come and work together so that they would get to know one another and the teaching staff.

I feel that I can say that these aims have been achieved over the years and that we have a very happy and relaxed establishment.

Despite rising costs in all food lines, we are still maintaining our chief aim to provide food at a reasonable price. This could never have been achieved without the willing co-operation of the mothers -- thank you most

sincerely mothers and friends.

I could not let this opportunity pass without thanking the mothers and grandmothers of ex-students who are still coming along and enjoying their Canteen days.

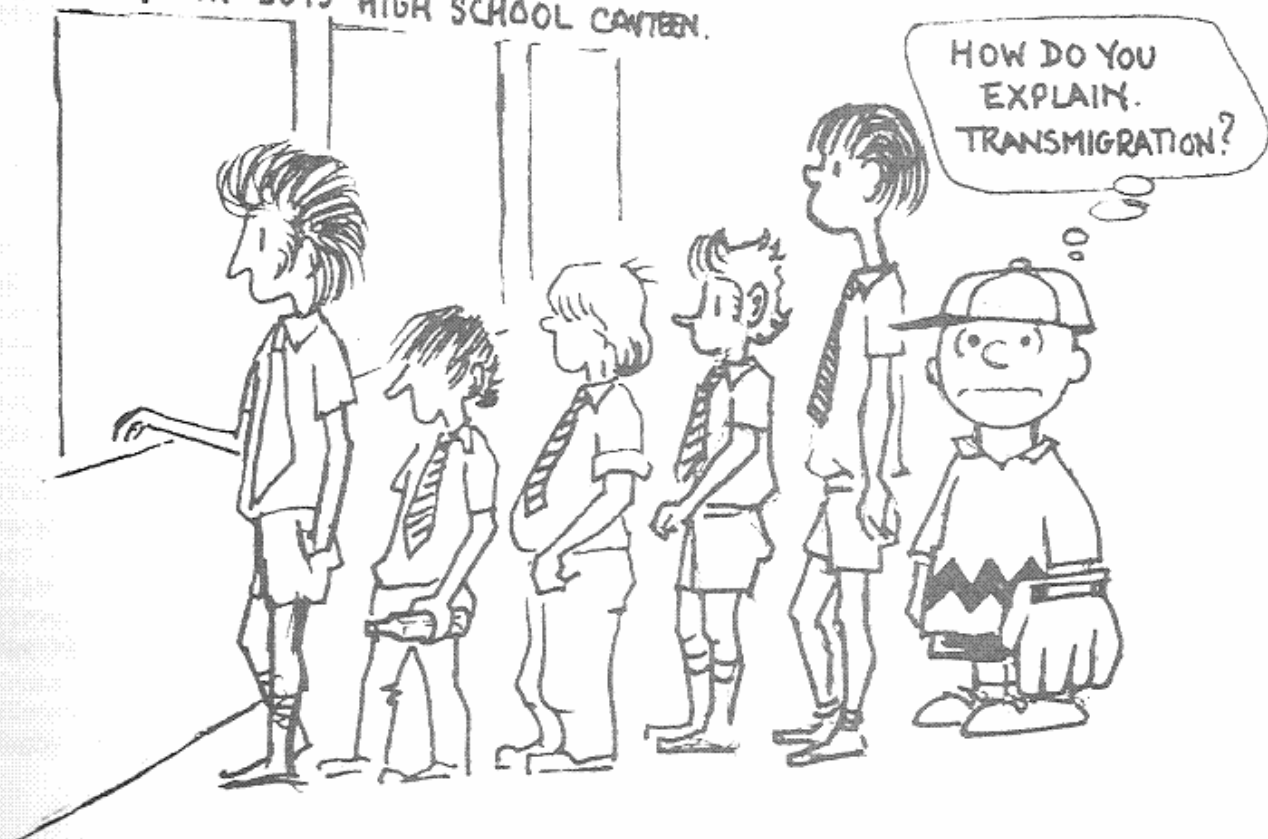

We are still maintaining a steady rate of profit and, at the time of writing, already this year \$2,500 has been donated toward school and library amenities.

Mrs Doreen Robinson, the roster secretary, has asked me to convey her thanks to the ladies for their co-operation and willingness in helping on days when illness has made the numbers short.

I could not close this report without expressing my gratitude to the staff members, the school prefects and senior boys, who, when the occasions have arisen, have so ably stepped in and helped us out.

(Mrs) Betty Taylor

ASQUITH BOYS HIGH SCHOOL CANTEEN.

LADIES' AUXILIARY

The Ladies' Auxiliary is happy to report another successful year. At our first meeting for the year the number of mothers present was very encouraging, but the members now attending our monthly meetings are very few.

Our meeting is held on the third Wednesday of every month and every mother is very welcome to attend. Our annual meeting was held in April, where Mrs. Frances Searle was re-elected President.

The first function for the year was a Dynel Wig Demonstration which was held at the home of Mrs. Mary Callaghan, and thoroughly enjoyed by all present. In May a very successful and enjoyable Fashion Parade was held at the home of Mrs Heather Jones.

Our Camellia Show, which was held in July, was a great success in every way. The Auxiliary Ladies worked very hard, supplying Judges' lunches, serving afternoon teas and manning the stalls which were very well stocked, but soon sold out of goodies. The prizes for the various sections of the show were donated by the local business houses. A very busy day for the ladies and the Hornsby Garden Club, but very rewarding.

Athletics Day was held in August at Waitara Oval, and although rain threatened to mar this day, it turned out to be very "eventful" and successful. Our thanks go to all mothers who donated so many cakes, toffees, oranges, etc. helping to make this day enjoyable for the boys.

Careers Night was held in August. The Ladies' Auxiliary supplied supper for the advisers and teachers in attendance. The ladies also served tea and biscuits at the Parent-Teacher night in August.

A special thanks must go to Mr. Bowles and his staff for their support to the Auxiliary; their help has been invaluable.

So it is that we round off this year with a combined evening for all parents, staff and their friends at Mosman Music Hall Restaurant in November.

May I take this opportunity to thank all who have assisted in making my position of secretary so much easier, and I wish a very Merry Christmas to you all.

(Mrs) Barbara Black,
Hon. Secretary.

PARENTS AND CITIZENS

Once again we anticipate the heating of the Assembly Hall to be completed before the commencement of first term.

The response of parents to our financial appeal enabled us to assist the school and provide necessary amenities for the boys.

This school is here to educate the children of our district, so why is there an average of only thirteen parents and citizens sufficiently interested to attend the monthly P. & C. meetings and help us to make the important decisions which affect not only our children, but the standard of the entire district.

In 1969, the average attendance

at meetings was twenty; now in 1970 it is thirteen. What of 1971? We need and indeed must have your support if this association is to fulfil its function adequately. We ask you, why should these 13 responsibly-minded citizens shoulder the responsibility of all?

Our sincere thanks to our hard working Ladies' Auxiliary who does so much to assist the school. To our Principal, Mr Bowles; Deputy, Mr Smith and all members of staff, our sincere thanks for their co-operation through the year.

Mrs. E. M. Fela
Hon. Secretary

SPORTS REPORT - 1970

At the close of the 1970 sporting season, a number of teams finished as premiers of their code while many others were defeated only in the semi-finals and finals. It has been encouraging to see the sporting spirit of the school develop, partly as a result of the enthusiasm of the senior school, particularly the prefect body who gave strong support to both the Swimming and Athletics' Carnivals.

What is important in school sport is not to have played through a competition defeating all comers but to have played for the thrill of representing the school and also the enjoyment of the sports' afternoons. Too often we are inclined to measure the school's success in terms of numbers of wins when we should really be striving for the ultimate enjoyment of whatever sport has been chosen, either in grade or house.

In the summer competition only three teams gained premierships: 13B Cricket, 14B Baseball and First Grade

Squash. Many of the other teams were runners-up in the Point Score Competition, the 15 Years Water Polo team suffering its only defeat of the season at the final. The First Grade Basketball team deserves special mention for its team members' dedication to the game, their performance in the Shell Trophy and their very close game against Meadowbank which has had supremacy for many years.

The premier winter teams were: 13B Soccer, First Grade Squash and C Grade Bowling. But of the 40 teams that the school fielded in the winter competition, 28 teams were placed in the first four while 6 were runners-up in the finals.

The Zone Athletics' Squad performed well at the Zone Carnival, being placed second in the overall point score.

I hope that during 1971 all boys at Asquith resolve to give of their best in sport and in so doing gain maximum enjoyment.

Mr R. Kench (Sportsmaster)

WANDOO

In reviewing the past year's activities, I find two events remain in my memory. Each in its own way epitomises those attributes of character that the House system seeks to foster.

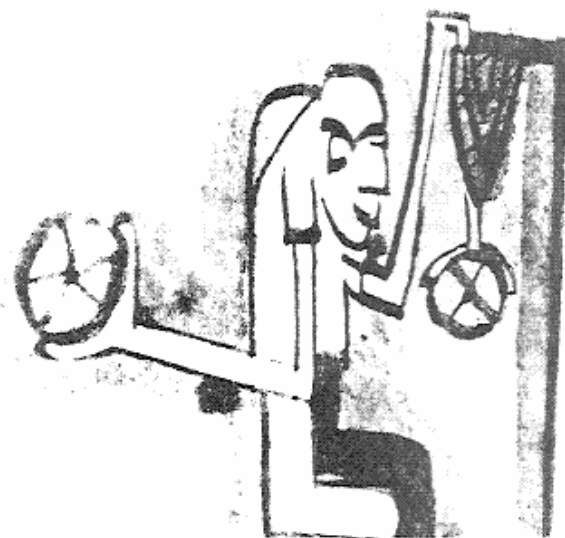

First was the day of our swimming carnival. Who will forget the tent erected by our boys and the cheerful camaraderie during the ensuing downpour. No quick capitulation here, but a willingness to come to grips with the elements and enjoy even its fury.

Then towards the end of the year

was the final tug-o-war event at school. Wandoo leading, needed only to finish third to hold their lead. How all the boys in each house tried! . . . every muscle screaming for respite by the time it was over . . . the ready congratulations to the victors from our defeated team . . . these scenes will long remain in the memories of those who witnessed this classic struggle.

To our House Captain, Vice-Captain, Age-Division leaders and all competitors, a sincere thank you for a job well done.

Master: Mr B. C. Wilson

COOBA

1970 has been our best year ever for house spirit, but unfortunately we did not have the material to match this enthusiasm. Our athletes had been training at Asquith Park twice a week prior to the Carnival. We had as many as 22 pupils attending these practice sessions. Even so, when it came to the Carnival, our boys were well trained but outclassed. All competitors would like to express their gratitude to Mr Jones, who attended the training sessions to coach our

juniors.

At the Swimming Carnival, Cooba once again had great house spirit, but the competition was so tight that everything depended on the last few races. Unfortunately these races did not go our way.

I would like to thank Mr McLeod and Peter Snitch, who helped organise all our competitions at the athletic Carnival.

House Captain.

MYALL

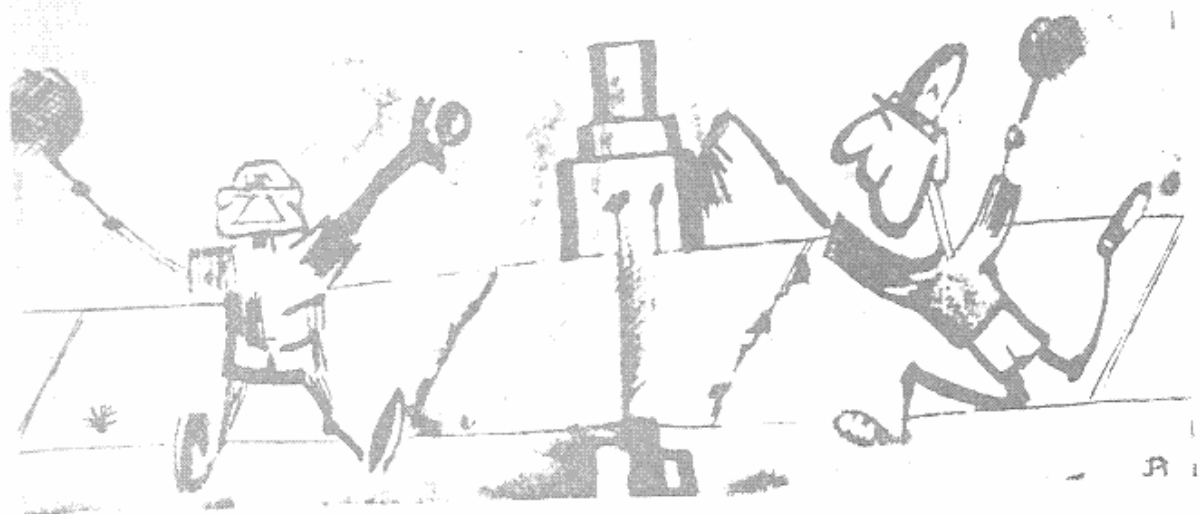

This year was a successful one for Myall House but it was also a year in which greater success could easily have been achieved with a much wider support from the house members. A good example of this came in the Athletic's Carnival where Myall entered the actual carnival day well down in points. A fine performance on the day saw Myall gain the highest point score but because of lack of support in pre-carnival events, Myall was only able to fill third position.

In the first inter-house compet-

ition, the Swimming Carnival, Myall similarly had gained third position in a close struggle with the other houses. Myall's greatest success of the year came in the School Cross Country which was won by Myall House.

Myall House would like to thank John Stephenson (House Captain) and the other seniors for their effort and support during the year, and wish them success in their Higher School Certificate.

Master: Mr R. Petherbridge

KURRAJONG

This will not be a very long report because the overall House winners should be modest, ahem!

For the first time in many years Kurrajong House swept the pool in Swimming and Athletics.

It was not an easy victory, however because Wandoo was 5 points ahead until the final event of the year which was the Tug-O'-War. This proved to be an exciting event with Kurrajong winning it outright to give us victory overall.

I would like to thank all Kurra-

jong boys, participants as well as spectators, for really pulling their weight this year. The cheer squad and spectators at the Swimming Carnival really outdid themselves, cheering, and chanting the christian name of any Kurrajong boy in any event, even if he was coming last -- marvellous!

A special thanks to House Captain Ian Fox and Vice-Captain Buddy Portier and their numerous helpers for a job splendidly done.

Congratulations Kurrajong!

Master: J. F. Saunders.

ATHLETICS

The school's Eleventh Annual Athletics Carnival was held at Waitara Oval on the 11th August under ideal conditions. Eleven records were set in the field events and a further twelve established in the track events of the day. Kurrajong House took the honours of the day with 580 points over Wandoo with 575 points - a very close struggle to the finish.

The school's team at the Zone's Athletic meeting performed very well with the 12 years age division winning their relay while the squad because of the depth of its strength, gained second place after Epping B.H.S. in the overall point score.

SWIMMING CARNIVAL 1970

An early deluge almost caused the Swimming Carnival to be washed out. However, after all spectators had been dismissed, the sun shone again and the staff and competitors managed to complete all events in record time. The rapidity with which the races were completed, however, took its toll of competitors, and records were limited.

Again 'Buddy' Portier of K'jong provided some fine performances and the School wishes him well on his trip to Edinburgh to represent his country.

Other fine performances come from S.Owen, H.Lawrence, J.Brodie, S.Devine K.Alcock, B.Collins, M.Mulman, G.Rowling.

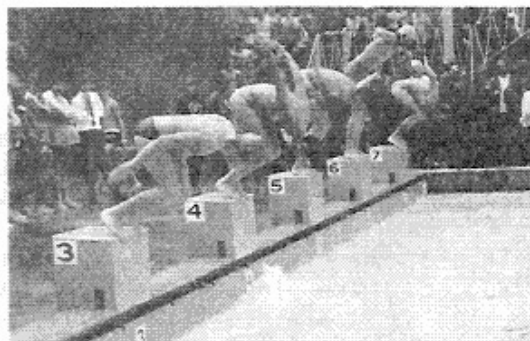

Perhaps the best performance we have seen at school level or at Zone

level was provided by the senior boys whose enthusiasm and accompanying hard work were responsible for the best display of school spirit we have yet witnessed. A number of headmasters from other schools were greatly impressed. Let us hope for a repeat by next years' seniors.

At the Zone Carnival, we fared quite well but a lack of depth in swimming stopped our finishing better than a very close third. With a little more effort from our second-string swimmers we could be perhaps the top swimming school in the zone.

Our thanks to the staff in particular for their help under trying conditions in the running of the carnival.

*Mr R. Twible
(Asst. Sportmaster)*

CRICKET: OPEN FIRST GRADE

This year's First Grade Cricket team was unfortunately unable to force its way into the zone semi-finals. This was partly due to some unlucky circumstances and was particularly unfortunate since the team was as good as any in the competition.

Asquith opened the competition in a strong manner by defeating Normanhurst on the first innings without the loss of a wicket. In the second match, which should have given Asquith an out-right win against Meadowbank, rain washed out the second day's play and gave us only a draw. Then followed a loss in a close, high scoring game against Epping, the eventual competition winners, and a draw and first innings loss against Macquarie and Homebush. The Asquith team probably reserved its best performance for a match against Hastings Boys' High, a visiting New Zealand team. Asquith won well and Denis Kimberley scored a magnificent century in about even time.

The team was well balanced and with a number of younger players gaining experience in the senior Grade, future Asquith teams should be able to maintain the high standard which has been set. Two players worthy of particular note are Denis Kimberley and Gary Best who completed their final season with the team this year. Both have played a number of seasons in First Grade and both gained selection in this year's Metropolitan combined High Schools Teams. Denis was particularly successful, top scoring against Newcastle with a fine 70. It is also interesting to note that Denis, in this season took his aggregate score in First Grade Cricket for Asquith passed the 1,000 run mark.

The team: Denis Kimberley (capt), Gary Best (vc), John Jessup, Bruce Jessup, Paul Vallis, John Hopkins, David Blankley, John Stephenson, Graham Paterson, Rodney Rayner, Lawrence Price, Ivan Hess.

CRICKET: OPEN SECOND GRADE

1969-70 season's 2nd Grade Cricket team was a strong, capable team but bad luck mainly in the form of bad weather, hampered our progress. We reached the semi-finals but were beaten by Epping. The team's results were one out-right win, a draw, and 4 first innings losses.

Neville Castle was the most successful batsman, and Graham Palmer, Dave Eldred and Bill Rae were the most successful bowlers. Murray Hutton was

very reliable behind the stumps. Team members were: *David Eldred* (capt) *Graham Palmer* (vice capt), *Nev Castle*, *Howard Tuohy*, *Ivan Hess*, *Wayne Hughes*, *Bill Rae*, *Murray Hutton*, *Merv Christensen*, *Gordon Foster*, *Malcolm Smith*, *Phillip Robinson*, *Dusty Thompson*, *Ross Gibbons* and *Ian Moulds*.

The team extends its thanks to Mr Pearson for his help and guidance throughout the season.

OPEN THIRD GRADE

The Open 3rd Grade, although unsuccessful in the Zone Competition, showed considerable spirit and sportsmanship during the season. Mr Gerrard, the team's coach, gave tremendous sup-

port and encouragement to his team. The team's standard of play was always high, and matches were thoroughly enjoyed by all members of the team.

CRICKET: 15A

Having been Zone Premiers (undefeated) for the last two years, we found this year's performance very disappointing. The fielding in particular was poor and rarely did any batsman bat well two weeks in a row, with the possible exception of I Lees. Some sound bowling performances by Bruce Kimberley and Scott McLeod were the

only features of a frustrating season. This does not infer that the boys did not try, but merely that their concentration was not intense enough over long periods. All players, however, showed promise with the bat, and with more practice and better application we will fare better next season.

14A

This rather enjoyable season was played with mixed results. Even though we reached the semi-finals, Macquarie proved to be stronger in batting and

bowling. However we hope that with more practice we shall mould ourselves into a co-ordinated team to be reckoned with.

14B

During the season the team experienced many changes in its composition.

At times some of the team members were prevented from playing due to the distance encountered in travel.

Despite these drawbacks the team played many happy games and upheld the

true spirit of cricket at all times. There did not seem to be any more than the usual number of easy catches dropped or easy balls sending bails tumbling off, *but* -- well anyway, someone had to fill the place in the competition that 14B did.

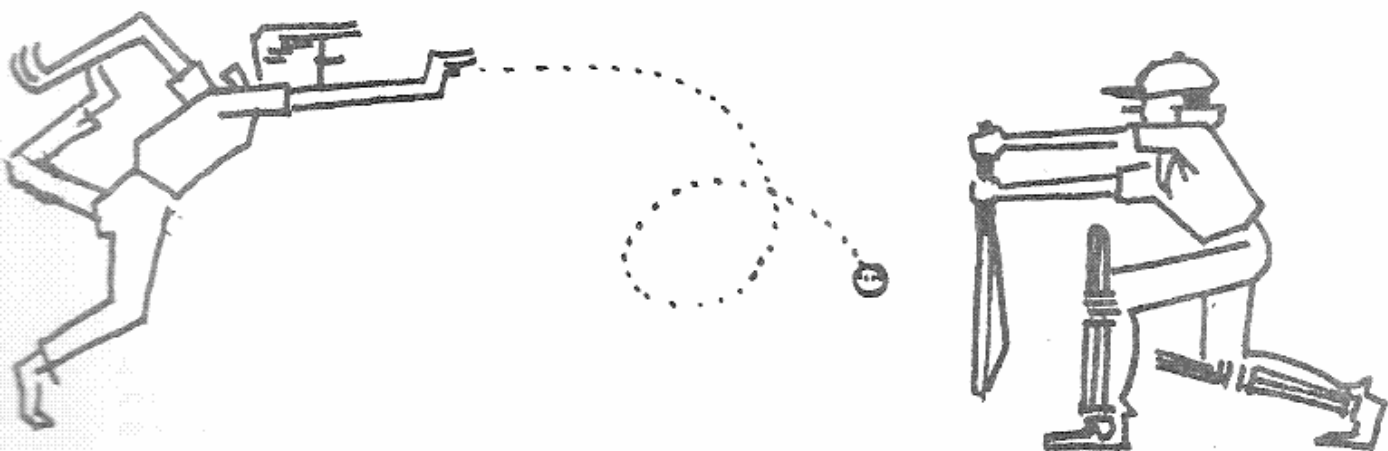

CRICKET: 13 B

Congratulations to the keen members of the 13 B Cricket team. These boys lost only one match and went on to share the Premiership with Normanhurst. All members of the team turned up eagerly each week for practice and thoroughly deserve their success.

All matches were played hard and fast and proved to be very exciting.

Top marks must go to the boys for the high spirits and gentlemanly behaviour throughout the matches.

Although all boys played well the outstanding bats were *G. Banks* and *G. Peebles*. The best bowlers were *C. McKenzie*, *L. McPherson*, *T. Morris* and *G. Dobson*.

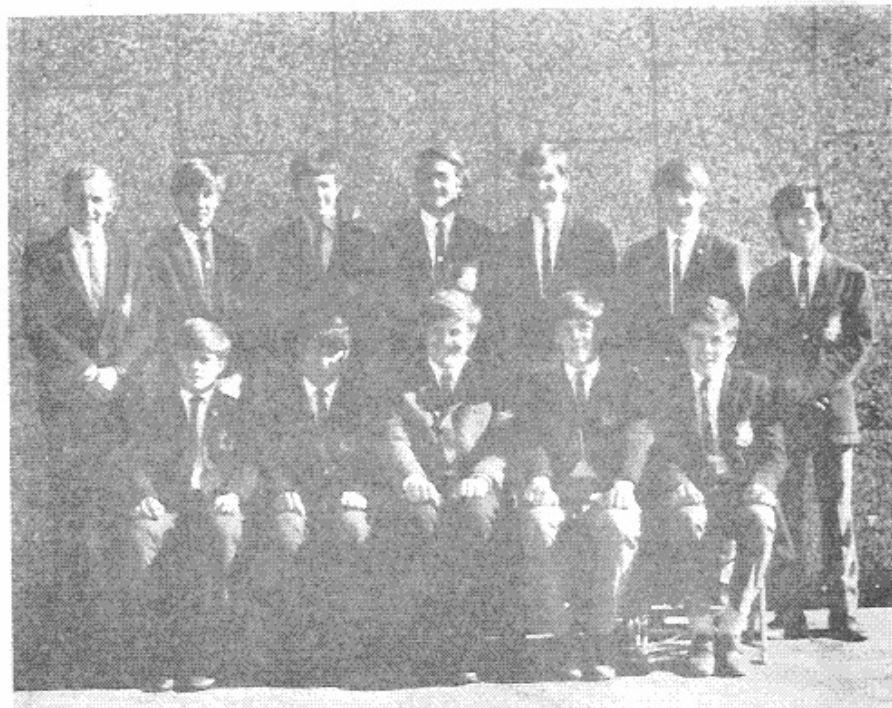

BASEBALL: OPEN FIRST GRADE

This season's Open Baseball Team, although handicapped by lack of experience, played each game valiantly in true sporting fashion. They managed against insurmountable odds to develop sufficient skills and techniques to win a few games.

Our greatest achievements through out the season were the development of a co-operative team spirit, the attainment of a keen sense of humour,

undaunted in the face of all situations, and the loss of at least one ball per game.

If ours was not a top-quality baseball team, it was at least a team of top quality young men willing and co-operative to learn and play the game in the best sporting traditions, a team which brought honour to the School because of the attitudes it displayed rather than the victories it achieved.

15 YRS.

The 15 yrs team showed a gradual improvement over the season, despite various setbacks. We were very unlucky to be beaten by Macquarie in the semi-finals, this being easily the best

game we had played all season. A slightly more concentrated effort should create a good Open Grade team next year.

BASEBALL: 14A

The 1970 season was quite successful and most enjoyable.

The team was not disgraced, reaching the finals and coming third in the final point score behind Homebush and Macquarie. Our Matches, particularly against those two schools always produced a close tussle. Congratulations to the Homebush team in winning the

premiership.

Congratulations too must go to our 14B team who won their competition this year.

The team members were Bruce Fulmer (Capt.), D.Love, W.Lawton, L.Newland, S.Rowles, P.Anicic, M.Byrnes, D.Blyth, R.Lagden, W.Law, R.Bright.

14B

The 14B baseballers tackled the summer season with exuberance and enthusiasm. All the games were battled out with huge enjoyment and some rather eccentric skills were developed. A very tricky style of base running brought added interest to the game and baffled confusion to the opposing team.

The teamwork of the boys must be commended, particularly so because

their playing positions were far from fixed. In fact, in the final game we were fielding a catcher and two basemen who were in those positions for the first time.

We won the semi-finals, closing with a skilfully handled double play. Another magnificent double play ended the final match, and gave the victory to Asquith.

JUNIOR BASKETBALL

The Junior Basketball teams experienced very mixed degrees of success in the 1970 Summer Competition.

Members of the 14 yrs and 15 yrs teams unfortunately showed little enthusiasm with only a few players training regularly. As a result, both teams failed to win a game, but some of the last games of the competition were quite closely fought by the 14's.

The 13A's were very unlucky not to qualify for the finals. The team showed great strength in attack with excellent coordination between *Frank Hoogesteger*, *David Lyle*, and *Ricky Hazell*. The backs, however, were not able to provide an equally solid defence, and they combined with some

poorly timed injuries, placed the team 5th in the competition.

The 13 B's enjoyed a much greater degree of success. The attendance at training of this large 14 strong team was excellent, and as a result, the team remained undefeated throughout the competition. The only time any real competition was encountered was in the games against Homebush. In the Grand Final against Homebush, after starting poorly as usual and being down 4-6 at half time, they were able to win very convincingly 23-9 to take out the premiership and thus show that they would prove a great threat in future years.

13 B
Basketball

open 1st
grade.

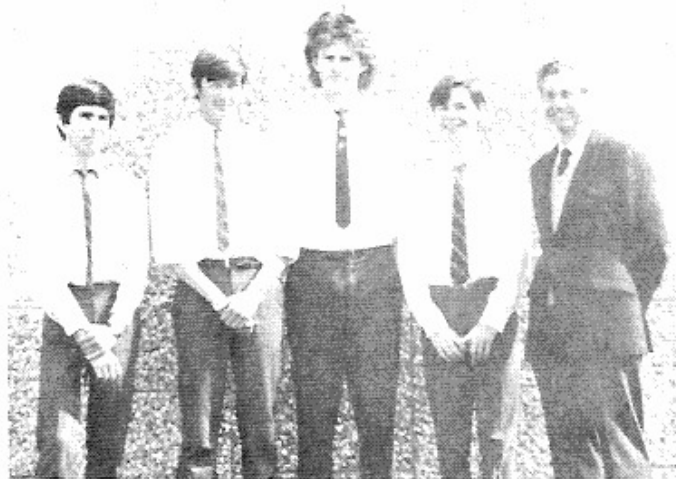

SQUASH

Once again the 1st Grade team, ably led by captain David McGill, has completed the season undefeated, beating Epping 4-0 in the final. This is probably the best all-round team Asquith has produced in its long run of victories. Thanks to brilliant play by

all players throughout the season, we can look forward to further success in the winter season. Congratulations to the 15's team who also dominated the competition by remaining undefeated, and bad luck to the 16's who were knocked out in the semi-finals.

15yrs squash
team.

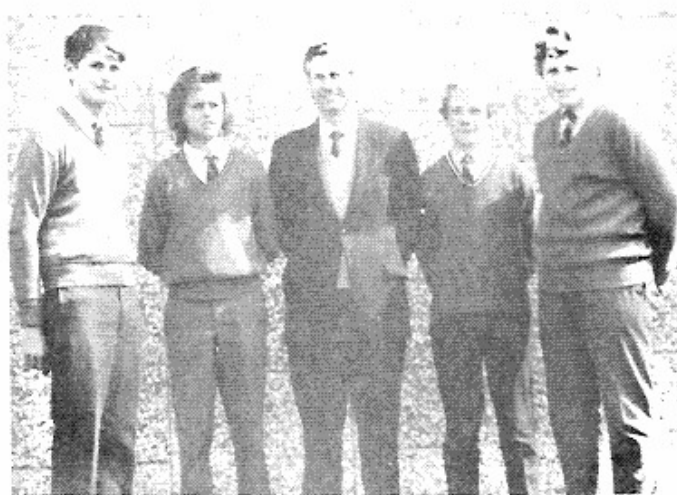

open golf
team.

GOLF

Both 15 years and Open teams performed well this year although not living up to the success of previous teams. The 15 years unluckily did not make the semi-finals. The Open team did, however, but due to an unfortun-

ate mishap were eliminated. The members of both teams should form the basis of strong teams next year. All players would like to thank Mr E.Saunders for his encouragement and interest throughout the year.

15yrs golf
team.

1st Grade
Water Polo

WATER POLO

Although the Open Grade Water Polo team did not succeed in gaining a place in the semi-finals, the results of their matches were very close, most of them being lost by a one goal margin.

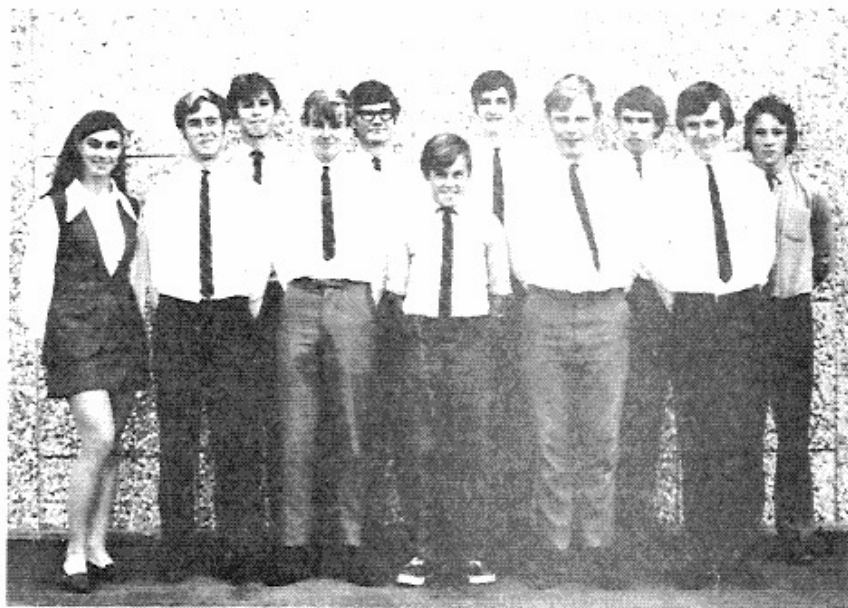

The 15 years' team was unlucky to be beaten by Homebush in the final, after having previously defeated them twice during the competition. It was confidently expected that Asquith would emerge as 15 years' premiers, and

this final upset was very disappointing.

I would like to take this opportunity to commend the teams on their good spirit, sportsmanship and co-operation throughout the season. *Buddy Portier* and *Howard Lawrence*, the respective captains, deserve special mention for their efforts in co-ordinating play and spurring their players on to give of their best.

15 yrs
Water Polo

Bowling A&B
Grade.

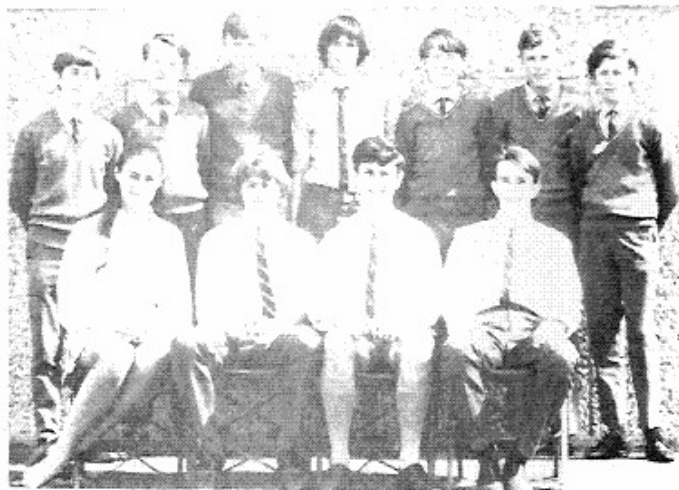

TEN PIN BOWLING

During the summer season our four Asquith and two Meadowbank teams (Asquith E & F) played magnificently with limited losses. With bowling only being in its second season we had one team which gained the honour of winning the premiership. The winning "C" teams' members were:

Stephen Robertson (capt)
Lex Kertesz

Barry Busst
Beric Sneddon
Peter Slobodian

The four teams were out to prove that people were wrong in their attitude that bowling is merely a recreation. On more than one occasion the teams showed the other schools what close competition was like.

Bowling C&D
Grade.

RUGBY UNION: OPEN FIRST GRADE

This was a disappointing season. Even though we won the majority of our season's fixtures, we lost only 5 matches during the year, 4 of these by a total of only 16 points difference. But we rarely produced the football of which the team was capable. This was not due to any lack of effort either on the training or playing field, but rather to an unfortunate string of injuries and an inability to score points from potentially dangerous situations. The defence was good and tackling ability improved as the season progressed, but good defence does not win matches. We were finally eliminated from the Waratah Shield in the quarter finals and from our zone competition in the semi-finals.

A shield has been donated by

Shelley's for annual competition between this school and Chevalier College, Bowral, which was won in its initial year by Chevalier in a match which had a large crowd hoarse with excitement. The score was 6-3. A barbeque was held after the match and was enjoyed by all despite a torrential downpour. We hope to make this an annual feature, along with Old Boys' matches and we thank parents, particularly *Mesdames Hurst and White* and *Mr White* for their help on these other occasions. Rugby played in this atmosphere is even more enjoyable.

We trust that the members of the team will continue playing rugby after they leave the school and we wish them the best in their professional and their rugby careers.

RUGBY UNION: OPEN SECOND GRADE

1970 proved to be a most successful year for the 2nd Grade side, culminating in a good performance in the grand final against Epping.

Led well by their captain, Steve Berry, this team remained undefeated most of the season, beaten on two occasions only by Epping, the eventual premiers. Generally, there was very good team spirit throughout the season, but on a few occasions, the team was forced to play without the full complement of players.

Apart from *Steve Berry*, others to perform well consistently included *John Jessup*, *Bruce Lord*, *Tony Lyons* and *Ray Armstrong* who improved considerably from game to game. Others who will benefit from this season include *Tony Reidy*, *Laurie Price* and *Gordon Foster*.

With a better and more consistent approach to training next year this side could distinguish itself even more than was the case this year.

OPEN THIRD GRADE

The Open Third Grade Rugby team played well throughout the season. *Colin McDonnell's* leadership and enthusiasm was of great importance to the morale and the rugby skill that the

team developed.

The sportsmanship displayed by the team was of the highest calibre and brought credit to the school.

OPEN FOURTH GRADE

The team this year had mixed success. Due to lack of training, and sickness, team co-operation never really fixed well. However, they did make the semi-finals and in this game in particular, displayed true school

spirit and tenacity. While losing to the then minor premiers, Epping, they were in no way overwhelmed or disgraced. Many of the team members, through their experience this year, will make the senior grades next year.

RUGBY UNION: 15A

This year the 15A Rugby Union proved to be extremely competitive and the effort of the Asquith side in reaching the final is very commendable. In both rounds Asquith was able to record convincing wins over Normanhurst, Meadowbank and Epping, notching one victory by a score of 50 Odd to nil. In the other matches, however, Asquith was defeated by Homebush and Macquarie. This left Asquith in third position with Homebush to play in the semi-final. In a grand display the Asquith team gained victory 8-5, reversing the previous losses of 35-0

and 21-3 to Homebush.

In the final, played against Macquarie, Asquith was unlucky to be defeated 5-0, the only defensive lapse in the match. The Asquith Team fought back strongly but despite a vigorous attack on the Macquarie line over the last ten minutes were unable to score the equalizing points.

The team members were:

<i>S McLeod</i>	<i>D Holenstein</i>	<i>J Zygaliski</i>
<i>W Wood</i>	<i>J Allbon</i>	<i>D Cranfield</i>
<i>C Lamb</i>	<i>C Taylor</i>	<i>J Belcastro</i>
<i>G Learn</i>	<i>C Willemson</i>	<i>M McReady</i>
<i>V Slawski</i>	<i>D Wall</i>	<i>D Kerker</i>

rugby union
15A

15B

The team had a moderately successful season, making the semi-final in which they were beaten by the strong undefeated Epping side. Wins were recorded against Macquarie (twice) and Homebush and the second match with Normanhurst resulted in a draw.

After a rather shaky beginning, there was a general improvement in

standard of play and team-work as the season progressed. I should like to mention the following boys who played well and always tried hard - *Dolbel* (captain), *Clarke*, *G. King*, *S. King*, and *Kent*. The most pleasing thing however, was that the team always enjoyed their game and played cleanly in every match.

RUGBY UNION: 14A

A graph of this team's performance during the season would bring to mind Luna Park with all the high points and depressions of the roller coaster.

The boys entered the competition with confidence based on their semi-finals success of the previous year, and discovered to their dismay that the other competing teams had not stood still, and the standard of Rugby in the zone had improved generally.

So after a chastening experience with Normanhurst the boys got down to some hard practice, and the competition leaders of the previous year, Homebush and Epping, were very worried teams when they came up against a tough determined 14A side. Asquith on both occasions appeared the better side but lost by narrow margins due to lack of sustained effort in the second half.

The boys avenged their defeat by Normanhurst, not to mention two cricket score wins over Meadowbank, and the climax of the season was a brilliant effort against the leaders, Homebush, when we lost on a disputed decision by one point.

In the end, however, the A's came up against the heavy pack of Epping, who pushed us off the ball throughout the game. In the back line however, Asquith had no peers.

The boys all deserve mention, but particular prowess was shown by *Groce* (capt), *Morrow* (vice-capt), *Hill* and *Bright* for defence and attack; *Lawrence* and *Rhall* for speed and kicking; *Murphy*, *Gawland*, *Gunn* for extraordinary pluck; *Newland* for hooking, *Bovis* for breaks and *Meredith*, *Rhall*, *Johnson*, *Burge*, *Law* and *Moulds* for good solid support.

This could be the future premier team in the First Grade.

RUGBY UNION: 14B

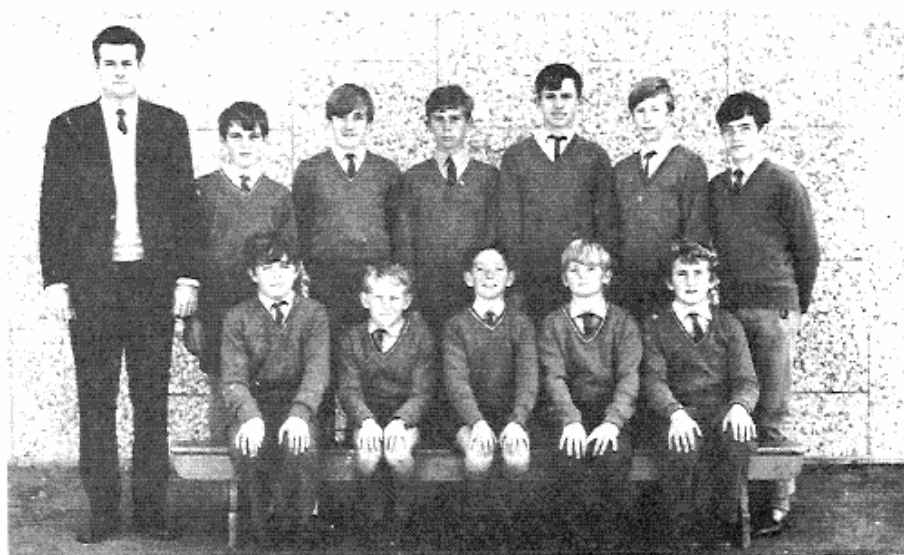

The 14B's played irregular football, but there was a general trend of improvement as the season progressed. Attendance at training runs ranged from good to mediocre and as a result the team began to reach its peak of form too late in the season to gain a place in the semi-finals. Timidity in

tackling larger players and a tendency to grow despondent in the face of seemingly overwhelming odds marred the performance of a fairly promising team. Our thanks must go to Geoff Baldry for frequently providing the team with oranges at half time.

13A

The 13A Rugby Union Team finished equal third in the competition. Several players showed great promise and

with the experience gained this season they should supply the nucleus of a more balanced side next year.

13B

The 13B Rugby Union Team met with little success during the season but showed improvement with each game. The

team spirit was high and every boy gave his best.

8 ST RUGBY LEAGUE

Captained by Warren McReynolds the team started the season well with a 34-0 win over Normanhurst. This was followed by several good victories over Epping and Meadowbank. The best and fairest player of the season was Geoff Brown who scored many a brilliant try against the opposition. Warren McReynolds also played gifted football aided by team mates Peter Trigg and our speedster Phillip Hatter. Overall the team represented the school well, reaching the semi-finals.

6 & 7 ST RUGBY LEAGUE

Both the 6 and 7 stone League teams this year overcame the heavy odds of lack of manpower, indiscipline and irregular and poorly attended training runs, to play some interesting and at times even inspired football against teams which ranged from the mediocre to the "bully".

Any attempt to play sport was largely negated by the nefarious activities of many of our opponents at all levels whose common catchcry might have been in another era: "Christianos ad Leones".

The outcome of the competition was a victory for brutality.

SOCCER: OPEN FIRST GRADE

This season was not a very successful one, victory-wise, as we could only manage one win and two draws during the competition, a total of four points. However all players had

an enjoyable season, and are looking forward to a big season next year. In conclusion, our thanks must go to our coach Mr Pearson, for his support and encouragement throughout the year.

SOCCER: OPEN THIRD GRADE

The Third Grade Soccer team not only failed to distinguish itself as a skilful combination but also reaffirmed the fallaciousness of the proposition that competitive sport "builds character". Not that the team lacked character--it possessed several in fact.

Rae-and-Abell, when they took the field stunned both spectators and team mates with their penetrating, aggressive stance. Beric Sneddon occasionally kicked the ball a long way. Stan

Holloway raced vigorously up and down the wings. Allan Driver drove the ball into the net on several occasions, while the Brite saved many scorches. Stephen Frost's corner kicks, Jeremy Lyle's elusiveness, and Frank Hoffman's abusiveness (to the coach) proved valuable to Captain, Peter Griffiths, who restored the sagging morale of his mates with a few well-chosen words.

The team reached the semi-finals, where it reaped the whirlwind.

S O C C E R : 15 YRS

The 15yrs Soccer Team looked to be the team to beat at the beginning of the season. However, a couple of players pulled out of the squad and we were left with the task of building up a team again.

Despite the setbacks the boys played some good matches to reach the

finals. Congratulations to Meadowbank who proved themselves a superior team in the zone.

At the end of the season four boys from the team were selected to play for the zone 15yrs team at the C.H.S. Carnival. Our representatives were G. Tyerman, P. Reynell, D. Rojas and C. Mowbray.

14A

The team is to be congratulated on their sportsmanlike attitude to both the game and their opponents. They played to win but always played for fun and this made every Wednesday afternoon a pleasure.

We were beaten in the final by Macquarie and so finished second in

the competition.

I don't think I would like to pick out any boys as stars because the game is a team sport and that is the way it was played.

Congratulations, 14A's, and thank you for the best season's football, of any code I have been associated with.

14B

The 14B soccer team was very successful early in the competition and managed to play in the semi-finals. However they were unsuccessful in this

match. In general they represented the school with good team spirit and sportsmanship and are a credit to the school.

SOCCER: 13A

Although this team did not come out the eventual winners, we were running second on the competition table. Epping defeated us in the semi-finals and they were beaten in the final by Macquarie.

It was a hard competition and all the boys played to the best of their ability.

Three members, David Lyle, Nigel Black and Ricky Hazell were selected to represent our zone in the C.H.S. Knock-out Competition.

In conclusion we would like to thank Mr Levett for coaching us during the Winter Season.

13B

Winners of their competition, the 13B team had a most successful season both in terms of games won and enjoyment of the sport.

No incident better displayed the excellent team spirit than their hard fought game against Normanhurst mid-

way through the competition. Illness obliged Asquith to field a team of only eight players yet despite this disadvantage the team played with such skill and determination that they came out winners.

TENNIS

14yrs tennis

While the number of boys playing tennis at school is considerable, it is left to a hard core of twenty boys to represent the school in Grade Tennis. The standard is high and although we have inter-district players, Robert Latham and Graham Campbell represented in the First Grade team, we have had little success in this grade.

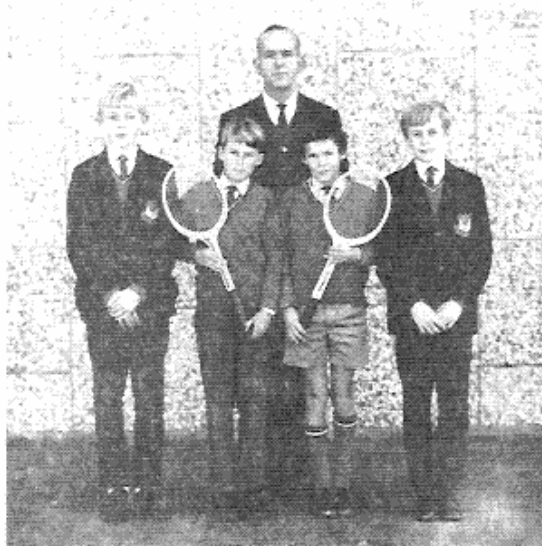

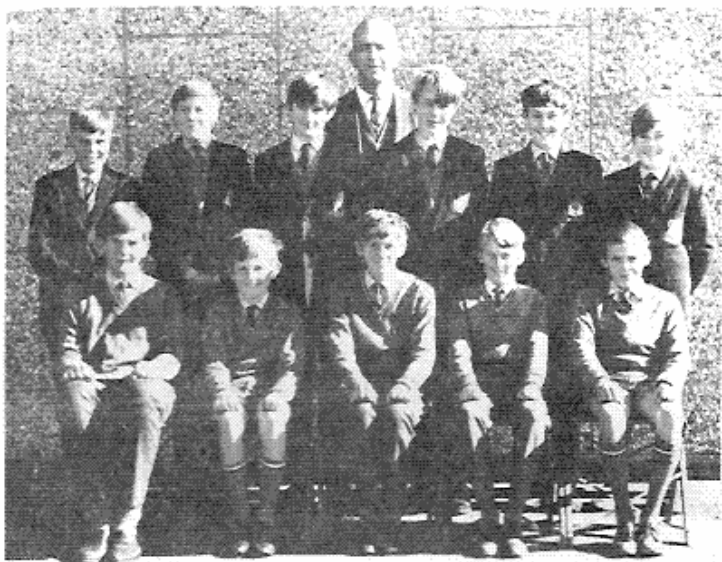

Robert Latham and Graham Campbell were our representatives at the Zone trials at White City. They won their first round but were forced to retire

through illness.

The winter competition has brought into the 14 years team Terry and Neil Wilkinson of First Form. These boys are the younger brothers of Brian Wilkinson who was No. 1 for the State team and a former pupil of this school. The 14 and 15 years teams have played well during the winter competition with the 15 years team reaching the semi-final and the 14 years team being beaten in the final.

It is with regret we say farewell to three of our 1st Grade team in Greg Bennington, Rob Jarman and Robert Latham of 6th Form. These boys have represented the school in Grade tennis in all age divisions over the past six years. To them we say PRO TANTO QUID RETRIBUEMUS?(For so much what shall we give in return?)

The team members have been good ambassadors for the school with their good manners on and off the courts, and with their correct attire at both competition and practice matches.

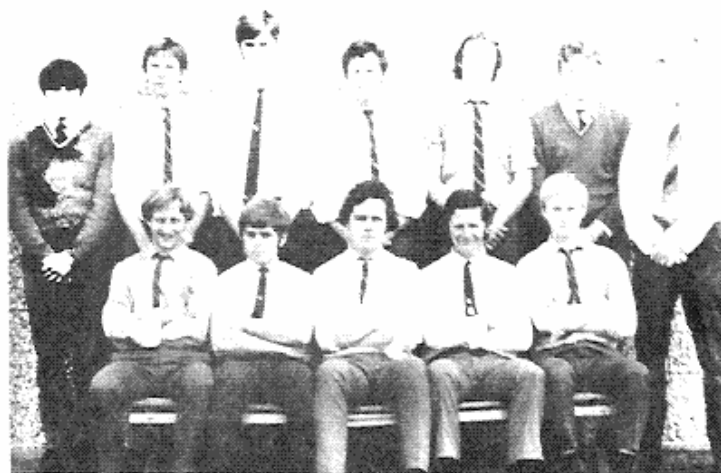

HOCKEY: OPEN

Competition in the Open Age division was very keen this year with Epping and Normanhurst providing strong opposition to an Asquith team which retained many of its previous years' side. In decisively defeating a very strong Epping team in the semi-final, Asquith played exceptionally well. Loss of form however, coupled with the loss of two key players during the final against Normanhurst resulted in Normanhurst scoring the

winning goal in the closing stages of extra time.

During the season Asquith had its best run to date in the Wales Trophy accounting for Ku-ring-gai High School and our old rivals Normanhurst to reach the quarter-finals. Murwillumbah High School, the team which eliminated us went on to share the trophy with the previous years' holders Parkes High School.

open
hockey

BASKETBALL: OPEN FIRST GRADE

After a hard fought Summer 1st Grade competition, Asquith came 3rd in the point score. We then played Macquarie, who came 2nd, and we defeated them in the semi-final, 44-43. We played Meadowbank in the final. At half-time the score was 18-16, but eventually we went down 44-49. Meadowbank have monopolized our zone competition, having won the last six premier-ships. We then decided to enter the Shell Cup competition.

One hundred and twenty teams entered the competition from all over N.S.W. Our final match was played at school against a very well trained

Bankstown team. They defeated us 23-28 after a great performance. Our lack of training opportunities contributed to our downfall. However we are very pleased that we made the final 16 teams in the state.

We would like to thank Mr Kirkpatrick, our coach, and Mr Elkin, our referee. We would also like to thank three boys who filled in positions left vacant from injuries. They were B. Boschman, G. Nicol and P. Hurst. Our team was :-

D. Kimberly, A. Pater-
son, P. Powell, S. Steckhovan, R.
Storey, G. White and R. Zraitel.

HIGHER SCHOOL CERTIFICATE 1969

1 ENGLISH	4 MODERN HISTORY	7 ECONOMICS	12 ART
2 MATHEMATICS	5 FRENCH	8 GEOGRAPHY	13 DUTCH
3 SCIENCE	6 GERMAN	11 INDUSTRIAL ARTS	GS GENERAL STUDIES

The first number indicates the subject and the second number the level.

The numbers 1, 2 and 3 indicate passes at the various levels while 2F and 2S indicate passes in full and short courses respectively.
