YEAR 12 AMENDED
ASSESSMENT 2020
SCHEDULES

Dear Year 12,

As you are aware all assessment tasks were suspended as we went to online learning due to COVID-19. Now that NESA has decided how the HSC will proceed, your teachers and Head Teachers have amended some of your assessment tasks based on the advice from NESA.

NESA has allowed schools to change the date of tasks, the weightings, the type of task and also the number of tasks. Some of your subjects' assessments tasks will remain unchanged where as other subjects have made changes to some or all of your remaining assessment tasks.

With this in mind, it is vital that you take note of the assessment schedules in this booklet as your assessment tasks may have changed.

One task that has changed for everyone is the Trial HSC, this has moved to weeks 5 and 6 of Term 3.

All staff are here to help and support you, so please reach out to your teachers, Year Adviser or Deputy principal if you need assistance with any of your tasks.

Regards

Mr Grant

Principal

Vocational Education continued

Course Completion Criteria

For a student to be considered to have satisfactorily completed a course within a Vocational Education and Training curriculum framework, there must be sufficient evidence that the student has:

- followed the course as specified;
- demonstrated they have applied themselves to the set tasks and experiences with diligence and sustained effort; and,
- achieved some or all of the course outcomes

Competency Assessment

This is a competency-based course. This means that students work to develop the competencies, skills and knowledge described in each unit of competency. To be assessed as competent, a student must demonstrate to a qualified assessor that they can effectively carry out the various tasks and combination of tasks listed to the appropriate industry standard. There is no mark awarded in competency-based assessment. Students are assessed as either 'competent' or 'not yet competent'.

Students will be progressively assessed as 'competent' or 'not yet competent' in individual elements of competency. Students who are absent from practical tasks will have limited opportunities to be reassessed on these skills.

The vocational qualification received by a student will be determined by the competencies they have achieved over the two years.

Mandatory Work Placement:

Students undertaking VET courses must be aware that **Work Placement is a compulsory part of these courses**. Students are to complete 70 hours of Work Placement over the two years. Those students who fail to meet the requirements of Work Placement will receive an N Award in the subject.

Students will sit a Trial HSC Examination in each of the courses listed above.
